“First of all a bit more about my experience...”

After being a part time model for a few years, I decided to try the other side of the lens because I know exactly what us as women look at when we see a photo of ourselves.

I've been a Professional Photographer and Make up artist for the past 10+ years, I have been trained to do Make up Professionally by the owner of Halouw Make Up Academy, Louise Volschenk, I've done a styling course with Werner Wessels and I have a passion to do hair
- I basically love everything to do with beauty.

I have photographed hundreds of Women and I have worked with many influential women in the beauty industry including Rolene Strauss, Melinda Bam, Liesl Laurie, Demi-Leigh Nel-Peters to name a few. I am also the Beauty Photographer for Mrs South Africa.

My Why...

I believe in Body Positivity, I also believe that each one of us are beautiful right there, where you are, right now.

This is the youngest you will ever be, and a few years down the line you will wish that you celebrated yourself more and took more photos.

My goal with every woman I work with is to show her herself from a different perspective through my lens. It is amazing what posing guidance, the right light and encouragement can do for your selfesteem, I've seen it over and over with each client.

I hope I get to work with you soon.

- Amorie Pearson

AND PREPARATION

THE SHOOT TIMELINE

- Arrival time is exactly the time slot booked - please don't be too early as I might still be busy with a photoshoot or preparation.
- If I am travelling to you I will arrive at the time discussed.
- If you are late it will cut into your shooting time.
- The total time of the shoot is included in the breakdown of the packages, this includes the time for the Professional Make up or Basic Hair Styling.
- If you add Professional Make up - add +-60min to the shoot.
- If you take Basic hair styling - add 30 minutes to the shoot.

THE FINAL PRODUCT

The photos taken on the day of your photoshoot will be processed and uploaded to the 100% secure online folder. You will receive instructions on how to choose your favourites. When you have chosen your favourites, you will receive your final product in 3-4 weeks or less. If you need the photos or edits for a specific date, let us know and we will plan accordingly.

PRESHOOT PREPARATION

To create the best experience for you, it is important that you do a little preparation beforehand. Here are a few tips:

- * If you added Professional Make up to your package, please arrive with no make up on, make sure your skin is clean and moisturized.
- * If you are taking the package with basic hair styling, please make sure your hair is clean and washed the night before.
- * Have your eyebrows shaped a few days before the shoot.
- * If you wax please do this a few days before the shoot.
- * If you shave, you can do this the morning of your photo shoot.
- * Make sure your skin is moisturized
- * Rest well the night before your photo shoot.

After

YOUR SHOOT

PHOTO SHARING

The Social Media Package: We have a 100% secure & password protected sharing platform. Within 2-3 weeks of your shoot, we will share your edited photos via a link on email. Because this is a lifestyle shoot and all the photos are edited, you get all the photos.

All other Packages: Because I believe that the actual shoot and all the photos I take is still part of the magic of my work, I don't give the originals for free. If you feel your original photos are really stunning and you want to purchase them you can purchase them as a package for R2000. I will lightly edit all the photos and make sure that these photos are presentable if you tag me on social media, this amount is charged for my time and extra work. This will only be in color and one size. You can also order extra retouched photo edits at R100 each. You will get a High Quality and Smaller size file - a color edit as well as a Black & White edit - these images are retouched in detail.

THE FINAL PRODUCT TIMELINE

When we are done with your photo edits, we will upload them to your gallery. There will be a high quality and a smaller size file available for download in Color and Black & White. We will create a personal mobile application with all your edits, that you can download to as many smart phones as you like.

PRINTING

We have different printing options available and we also do album designing. Please enquire if you need any further details

Posing

Amorie has photographed hundreds of women including
4 Miss South Africas, Miss World, Mrs South Africa,
Mrs World, Models, Celebrities and hundreds of Boudoir Clients.

She will guide you with every single pose, down to your fingertips!
You just need to simply show up for your session.

You really don't need much to do a stunning shoot.
You need only a few outfits that compliment your body.

Here are a few tips:

Black or White are always classic and make beautiful images.
If you wear a more shapeless top - wear tight pants or a belt
to accentuate your middle - heels are always a winner.

If you have skinny legs - bright colour or white pants work well.
If you have slightly bigger legs - go for a jean that hugs your figure or
black pants.

Patterns are good - BUT - don't wear stripes - wear floral or chequed.

I don't recommend grey colors for shoots - if you are thinking of wearing grey
ask me... we can discuss and I can give you ideas.

A pop of colour always works - bring a color you love - that way you will feel more
comfortable in front of the camera.

Remember - Tan / Beige heels make your legs look longer.

We will discuss ideas and create a moodboard before your shoot.
