"We would like to acknowledge and thank the above members for making this business directory happen. Without the initiative, effort, and dedication that each and every one of the members displayed, the inaugural PBAH Business Directory would not have come to fruition"

Their success is shared not just with the PBAH, but with all Hamiltonians, especially those within the Pakistani community that, like the PBAH, want to better not just their own lives, but that of those around them.

Message

I wish to congratulate Pakistan Business Association of Hamilton (PBAH) for publishing this resource on business contacts. This initiative will not only help existing businesses grow and expand but will also serve as an invaluable source for new and upcoming enterprises.

With its sixth largest population, 80 million strong middle class, rich human and natural resources, strategic location and progressive policies, Pakistan offers an attractive business destination in South Asia.

Overseas Pakistanis as well as Pakistan origin communities in many countries including Canada are playing an important role in promoting Pakistan's economic stability and development. In addition to remittances, our communities are supporting efforts aimed at promoting trade and investment as well as facilitating exchange of knowledge and skills.

I take this opportunity to acknowledge the positive role of PBAH and its leadership in this regard. Their efforts have brought richly deserved honours in the past.

My best wishes to PBAH and its members for the success of their future plans.
