Strings Con Brio Founder Monica Sirocchi and Conductor Maestro Kenneth Bowermeister invite you to a concert and party celebrating the 10th Anniversary of the orchestra's incorporation. Music selections will be favorite pieces of the orchestra from throughout its 10 year history. These include Bach's Air for the G String, Handel's Arrival of the Queen of Sheba, Nimrod from Elgar's world-famous Enigma Variations, music from the Golden Age of Broadway with Rodgers and Hammerstein's brilliant score from The King and I, and a fun-filled Hoedown from Florida composer Robert Kerr. Patrons are welcome to join the orchestra members for refreshments and an anniversary party following the concert. Please come and meet the musicians as we celebrate our history and our future.
