Trafford Tuition
SUCCESS STARTS WITH US

At Trafford Tuition, we advise that Year 5 children take at least one mock before the Trafford 11+ test in September. This gives them a sense of the test itself including question types, subject areas, timings of sections and use of the multiple-choice answer sheet.

Our mock tests have been designed by curriculum experts and educators who have written entrance exams. They cover the four main areas of English, mathematics, verbal reasoning and non-verbal reasoning. The price includes 2 one-hour papers, both sat on the same afternoon with a short break between (mirroring the GL papers used by the Trafford Consortium).

All tests are marked within a week and a PDF with a score breakdown will be sent to parents. We will also provide an overall average score of all children who sat the test on that day.

To reserve a space on one of the following dates, please email tom@trafford-tuition.co.uk and we will send an invoice. Your space will be reserved for one week until payment is made.

Please note, mock tests are non-refundable. However, we may be able to change the date of your child's test if there are still available spaces elsewhere.
