Thanksgiving 2025

Customarily on Thanksgiving I would share a few financial ideas with family and catch up with friends while elders spoiled the younger generations with incredible hospitality. I haven't done that in several years, isolated in covert operations not yet substantially terminated. Yet I should, even from afar. An unusual Thanksgiving note for present and future family and friends lightly edited:

1. Stock Market Valuation. Appended images include https://x.com/GlobalMktObserv/status/1983889124764397621, https://x.com/great_martis/status/1983406692395298885, and https://x.com/GlencoCapital/status/1974183631955333592 showing inflation-adjusted 10-year forward returns. The S&P 500 CAPE, denoting cyclically adjusted price-to-earnings ratio, is now approximately 40 (https://shillerdata.com). Cash any one may need, one might consider withdrawing from any stock index fund now, or optimistically right after yearend depending on its tax impact. This is neither investment advice nor a forecast of market returns tomorrow, next week, next month or next year. "In the short run, the market is a voting machine but in the long run it is a weighing machine" (Warren Buffett's teacher Ben Graham: https://fs.blog/mr-market/). Broadly, stock market prices relative to fundamental values weighed appear unfavorable to put it lightly.

2. Public Benefit Corporation. Amid froth and furor, Infinity B Corporation will be launching a limited partnership in the vein of one I have run since 2008, with exceptional opportunities long and short. On the short side we own puts, spreads or credit default swaps, nothing with uncapped risk. We do not employ leverage. Illustrative positions now include approximately 60% owned preferred and common stocks, 37% cash and 3% puts including out-of-the-money SPX puts with an exercise value approximately 5x the owned common stocks, and company-specific put options on a larger amount of underlying securities. You can find background on this at https://InfinityB.co/Background. Investors with at least $5 million (a regulatory threshold) are encouraged to complete our brief questionnaire there to learn more.

3. Backdrop: Dystopia Afoot. Basically 3 categories of readers will initially assess this very differently: (1) miscreants complicit in dystopia afoot, (2) targets of the miscreants who've substantially experienced it and (3) the sheeple. Even elementary school kids would cease to be sheeple, and could not dismiss ongoing disclosures here, once they evaluate the evidence supplied. The majority of readers, sheeple, are cordially invited to slog through this to the informative end, to, so to speak, wake up or open your eyes.

(a) Control by Blackmail. In Fiona Barnett's *Eyes Wide Open*: "Politicians are introduced by a carefully graded set of criteria and situations that enable them to accept that their victims will be, 'Our little secret'. Young children sexually molested and physically abused by politicians worldwide are (often) quickly used as sacrifices" (page 261).

"The purpose of the whole thing," Ronald Bernard explained, "eventually, in that world, is that they have everybody in their pocket. You need to be susceptible to blackmail" (https://InfinityB.info/Bernard).

(b) Depopulation. Blackmailed politicians have gone along with long-term plans for depopulation and psychotronic enslavement with the aim of turning this world into a tightly controlled "human animal farm" in a caste-like system of privileged elites and effectively slaves who own nothing, compulsorily drugged and

routinely raped (https://InfinityB.info/300). The dystopian progression may essentially reflect romantically rejected billionaires not content to live with consensual relations, along with various control freaks.

It starts with depopulation. Benjamin Fulford recorded a visitor who "offered me the job of Finance Minister of Japan as long as I went along with a plan to kill 90% of humanity. He said it was necessary in order to 'save the environment.' Since war did not kill enough people the plan was to use disease and starvation to kill everyone off" (https://benjaminfulford.net/the-hidden-history-taught-by-secret-socieities/ (sic)).

"The aim of the (satanic) Alpha Lodge remains... the destruction of at least seventy percent of the globe's population by the year 2030. All governments count on their sheeple to respond in typical infantile fashions, including unconsciously identifying with a more powerful force — even if it enslaves, brutalizes and humiliates them…" (Fiona Barnett's *Eyes Wide Open* page 258).

(c) From Depopulation to Control. "The ultimate goal that these people have in mind is to create a one-world government, run by the banking industry, run by the bankers, and they're doing it in sections. The European currency, the euro, and the European constitution, is one part of it. Now they're trying to do it in America with a North American union, and they want to create a new currency called the Amero. The whole agenda is to create a One World Government where everybody has an RFID chip implanted in them, all money is to be in those chips, there will be no more cash, and this is given to me straight from [Nick] Rockefeller, this is what they want to accomplish.… Anytime you have money in your chip, they can take it out whenever they want to. If they say you owe us this much money in taxes, they just deduct it out of your chip digitally — total control. And if you're like me or you, and you protest what they're doing, they just turn off your chip and you have nothing. You can't buy food, you can't do anything. It's total control of the people.... You become a slave, you become a serf to these people. That's their goal. That's their intent." — https://InfinityB.info/Russo3

(d) From Biometric Control to Worldwide Tyranny. "British and American Intelligence Officers obtained authentic documentary evidence which proved that internationalist capitalists operating through their international banking houses had financed both sides in every war and revolution fought since 1776. Those who today comprise The Synagogue of Satan direct our governments, whom they hold in usury, to fight the wars and revolutions so they further Pike's plans to bring the world to that stage... when Atheistic-Communism and the whole of Christendom can be forced into an all-out war within each remaining nation as well as on an international scale."

"General Albert Pike... accepted the idea of a one world government and ultimately became head of the Luciferian Priesthood." "Between 1859 and 1871, he worked out the details of a military blueprint for three world wars, and three major revolutions" ending in the Middle East (https://InfinityB.info/Pawns).

"Well, the Gnostic Illuminati claim to have started the American, French and Russian revolutions. More to the point, they claim they are now undertaking the first-ever world revolution" (Fulford). Remember the correct pronunciation of Illuminati is illumitards, always with the emphasis on the 4th syllable.

4. Luciferians' Fatal Oopsie. Now, here's what's going to happen. It was crystal clear that satanic illumitards and leading masons orchestrated the fraudulent "covid" pandemic with over-the-top gematrian mockery throughout the cascading nonsense, just as it was crystal clear there was no isolated "covid" virus. Instead there were designs of toxic, slowly-killing spike proteins alongside military-grade nanotechnology assembling under darkfield microscopy, and a progenitor of deadly clotting. As illumitards and masonry become widely known as responsible for the mass genocide in-progress, they will be outlawed with their remaining adherents legally hunted worldwide. This is essentially inevitable as covert tools of accurate neural monitoring and subliminal interrogation — each tantamount to truth serum — proliferated. Some >99.9% of people, even after any substantial depopulation, will not tolerate being effectively enslaved, involuntarily implanted, electromagnetically tortured or raped at will by the <0.1% of idiots historically running the world by depravity and blackmail. Everyone on their side will be expunged with due process.

You could run a monte carlo simulation of this holographic world with a million iterations and always end with that result. Masons will renounce their ridiculous oaths to protect criminal brothers, mutually with their lodge denizens for honor and comfort, or be legally exterminated for complicity in capital offenses (starting with 18 USC §§ 241, 242, 2332a, 2381, 2441 etc. as further discussed below).

5. Targeted Individuals. In the interim the treasonous, admittedly and empirically genocidal, satanic illumitards and various masons are causing extreme damage to trafficked children and targeted civilian citizens in a metastasizing way, supported by every instrumentality of material authority in leading countries, generally run by blackmailed buffoons. Here's how that developed in the US:

(a) A Half Century in a Paragraph. After World War II, the US imported over a thousand Nazi "scientists" (war criminals), publicly in rocket science, which led to NASA being a hub for sex slaves, and in chemical warfare, radiation weapons and "mind control." They proceeded to spray Americans with toxic mycoplasma, poison US water with the Nazi chemical weapon fluoride (characterized in the last 1.5 pages of https://InfinityB.info/Resources2), feed radioactive isotopes to pregnant women, and drug, electrocute, brainwash or otherwise violate citizens in over 100 MKULTRA subprojects admitted in US Senate Church Committee hearings (https://InfinityB.info/Nazi). Meanwhile, as if one neo-Nazi agency was insufficient (https://InfinityB.info/Media), Hitler's spy chief Reinhard Gehlen advised on creation of the NSA (Nazi Subliminal Assailants as in https://InfinityB.info/Filer2 from https://InfinityB.info/Filer3). Readers unfamiliar with actual American history may wish to consult Thomas Marshall's *Monarch: The New Phoenix Program* and Cathy O'Brien's *Trance: Formation of America*. It devolved into the covert sector selecting Colorado as "new world order" headquarters allegedly because it reminded Nazis of Germany, then controlling illicit drug trafficking and toxic pharmaceuticals (https://InfinityB.co/Healthcare) while raping, pimping, dissociating (https://InfinityB.info/Dissociation) and exterminating children into the 21st century (https://InfinityB.co/Foundations pages 4–10). That set the stage for the false flag operation: 9/11.

(b) From 9/11 to DHS Fusion Centers. Anyone who maintained foreign hijackers orchestrated 9/11, 2001 was in on it or acting willfully retarded. It's impossible that's a correct attribution of responsibility. The whole thing appeared to be an exercise in computer graphics and controlled demolition. Regardless, clearly there was no airplane at the Pentagon: that alone revealed a false flag operation with mendacious reporting. Then World Trade Center Building 7 was dropped in a controlled demolition like buildings 1 & 2. Authorities could have remotely taken over airplanes in the vicinity. And a hijacker's passport happens to drop from an airplane? Really? No, not really: the whole thing was effing ridiculous.

Worse, it was prefaced and admitted ad nauseam. "(Nick Rockefeller is) the one who told me 11 months before 9/11 ever happened, that there was going to be an event. He never told me what the event was going to be, (rather he told me) that there was going to be an event and out of that event we were going to invade Afghanistan to run pipelines from the Caspian Sea, we were going to invade Iraq to take over the oil fields, establish a base in the Middle East and make it all part of the New World Order. And we go after Chavez in Venezuela.... And sure enough later 9/11 happened and I remember he was telling me how we were going to see soldiers looking in caves for people in Afghanistan and Pakistan and all these places and there's going to be this war on terror which is no real enemy, and the whole thing is a giant hoax, you know, but it's a way for the government to take over the American people." Interviewer: "He told you the whole thing is a hoax?" Russo: "Oh yeah, there's no question. He said, 'There's going to be this war on terror,' and he's laughing. Who are we fighting? I mean, why do you think 9/11 happened and nothing happened since then? Do you think our security is so great here that these people who pulled off 9/11... were unable to knock down another plane? Come on, it's ridiculous" (https://InfinityB.info/Russo3).

Treasonous terrorists who pulled off 9/11 as an inside job were also allegedly among the leading traffickers, rapists and murderers of children, as in https://InfinityB.info/Bowart page 5.

Those terrorists in the Bush Administration then — under full watch of the Nazi Subliminal Assailants, abbreviated NSA; the National Retards' Office known as NRO; the Dicks In Action called DIA; the Clowns, Idiots and Aryans... an "intelligence" community exhibiting intelligence, well, never — created yet another

3-letter agency (as if their personnel can pronounce 3 letters) called DHS to feel up travelers and litter the US with "fusion centers" for the purposes of libeling, slandering, stalking, discrediting, trafficking, raping and torturing "targeted individuals" (TIs).

First they went after whistleblowers. You noticed 9/11 was an inside job and exercised 1st Amendment right to opine it? Onto a terrorism watchlist you went. Then they rolled their human trafficking programs, violating thousands burgeoning to reportedly over 250,000 civilian citizens, into watchlists including the "Terrorist Screening Database" 97% — ninety seven percent — composed of "non-investigative subjects" with no known ties to terrorism, *not* being investigated, blacklisted interminably. How can that be maintained beside fraudulently? It can't.

The actual US terrorists, allegedly emanating from Dick Cheney's masonic Ur lodge, pulled off 9/11, created ISIS per Gioele Magaldi's book *Massoni* (translated from the Italian via any online translation service) and consolidated their honest critics onto fraudulent federal and international watchlists.

They designated whistleblowers, rape or human trafficking victims, targets for intellectual property theft, those with tenable clout who couldn't be blackmailed, and others they aimed to discredit or violate: a suspected terrorist. Their newly created DHS could then send 8+ idiots to stalk the targeted individual while NSA, CIA, DIA, NRO, ONI, Army INSCOM, USAF, USSF, DTRA, DARPA or contractors implanted, electrocuted, raped and "tested" directed energy weapons on the "suspected terrorist," often an attractive female citizen since nothing unites the covert sector like raping targets in-person, electronically or both.

When a targeted citizen reported any of this, boom: libel or slander with a paranoid schizophrenia designation in the criminals' favored case, discrediting and disposing of targeted citizens simultaneously. This became clear from voluminous whistleblowers (starting with 2 minutes: https://InfinityB.info/Davis, supplemented by https://InfinityB.info/Slander, https://InfinityB.info/Duncan2 at 0.75x speed via 3 dots in the corner, https://InfinityB.info/Watchlist, https://InfinityB.info/Gunderson and former naval officer https://InfinityB.info/Voigts: historically sheeple are welcome to start opening your eyes).

(c) Rape and 24/7 Electrocution by DEW or WBAN. "Where else could a red-blooded American lie, kill, cheat, and rape with the sanction of the all-highest?" wrote George White to Sid Gotlieb upon retiring from the CIA, quoted in *The Manchurian Candidate* inter alia. Evidently there's not even one decent adult in the covert sector with material awareness. All covert agencies have enabled mass depopulation, stealing lives by trauma-based dissociation (explanation: https://InfinityB.info/Dissociation), sex slaves thereby, serial rapists and electrocuting targeted civilians every minute outside a bunker in ways admitted and shown beyond reasonable doubt. There is zero hyperbole in these statements, and this is not fiction.

Every major component of the targeting programs has been patented, admitted, substantiated or demonstrated beyond reasonable doubt. The toxic spray: lab-tested. Directed energy weapons (DEW) deployment: patented, admitted, substantiated by White House suppliers and demonstrated. The wireless body area networks (WBANs): clarified by non-linear junction detector (NLJD) scans of in-body electronics with distinct radio frequencies on military communication channels. Stalking: proved for DHS, backed by https://InfinityB.info/Gunderson. Any authority labeling it paranoid faces jail or execution with legal due process. The targeting programs are not reasonably contestable.

(d) Criminal or Lazy. Generally speaking, anyone supposing targeted citizens exhibit psychosis or fantastical claims in experiential reporting is criminal or acting intellectually lazily amid this "silent holocaust" of "slow kill" civilian targeting programs underway. As explicated below, nearly every adult backing these programs will face execution with legal due process. In a world of karmic repercussions, forthcoming execution is the least of their reasonable concerns.

(e) Amply Briefed. You can see briefs summarizing these programs inside one day: https://InfinityB.info/Links2. More background on the indefensible civilian targeting programs: https://InfinityB.info/DB, https://InfinityB.info/T2 and https://InfinityB.info/Streisand2. (The pages are fine;

hackers may endeavor to dissuade you from visiting them in an intermediary webpage suggesting they're insecure: apparently a typical tactic of treasonous criminals pervading the NSA and its associates.)

6. For Everyone's Health

(a) For Hearts. Covert sector criminals have liked to off people through fabricated "accidents," murder disguised as suicide, aneurysms or remotely induced heart attacks. Meanwhile the "clot (spike) shots" increased risk of heart attacks among other maladies. G-Strophanthin cures some heart attacks per https://InfinityB.co/Healthcare pages 5–7.

I suggest always carrying blister packs of G-Strophanthin tablets (not tincture) for any heart attack in your vicinity. These can be ordered from Germany or the UK, sometimes with the name Strophanthus.

(b) Pathogen Treatment. Secondly you might generally carry two small bottles with droppers, composed of (i) 28% sodium chlorite and (ii) 4% hydrochloric acid, along with a glass cup, with stored sealed bottles of the same as backup along with if-needed DMSO, a potent carrier of things into the body beside medicine in itself. Equal drops from the (i) and (ii) bottles create "MMS" or CD as chlorine dioxide, used to cure malaria, AIDS etc., and are best combined right before drinking the CD: one page at https://InfinityB.info/CD excerpts Jim Humble's MMS Health Recovery Guidebook, available from https://bluejaybooks.co, explicated at https://jimhumble.co and https://cdtestimonials.com. CD may eradicate myriad pathogens yet not "cross-domain bacteria" or transceivers.

(c) EDTA. Based on Dr. Ana Mihalcea's darkfield microscopy (https://anamihalceamdphd.substack.com), you may decide to ingest EDTA with or alternating with vitamin C, to tackle metallic technology and blood coagulation. It's available from the https://medfive.com/ she recommended, among others. ("People ask me about Chlorine Dioxide — it does not clear the filament structures in our experiments. The EDTA that I have been talking about can verifiably clear the blood" — https://InfinityB.info/Mihalcea3). Because it chelates (binds and excretes) desirable trace metals too, it may be best to have a one-a-day-type multi-vitamin or nutrients-rich food on hand for ingesting some hours after daily EDTA.

(d) Zeolites. Clinoptilolite zeolite in various sizes, including very small formulations, just might capture some insidious nanotechnology that EDTA does not. "Master Peace" (https://masterpeace.health), affiliated with Dr. Robert Young, has been marketing its zeolites to TIs after potential success in pilot trials without a control group; its safety and efficacy data are too sparse to warrant recommendation of the product yet.

(e) Drum. Evaluating Dr. Mihalcea's empirical results alongside morticians' physical evidence (e.g., via https://x.com/OlooneyJohn/status/1976661018802589846) reveals a component of humanity depopulation now. The late Mike Chapala's drum coil solution (at the end of the unedited https://InfinityB.info/Aerial compilation, mentioned in https://InfinityB.info/Preface) may save millions of lives in the self-assembling nanotechnology war underway. It may also "cure" TIs suffering from extensive wireless body area networks (for modest reiteration, demonstrated and in some cases surgically removed). I commissioned a build of two of these, thwarted. Electrical engineers, beside any sane adult remaining in the DOD/DOW of effectively treasonous human traffickers, are strongly encouraged to replicate it now.

7. Treason and Conclusion

Their rank treason, by the way, includes overseeing proliferation of "5G" millimeter waves indicated by always-treasonous CIA to result in "suppression of all functions of the organism" (https://InfinityB.info/5G) exposed to them, now emanating from cell towers and street lamps throughout countries. Even as it hurts their families, covert sector miscreants may like this treasonous development because it eases surveillance and beam-forming assaults on targeted civilians including in our homes — directed energy weapons (DEW) "go through glass, they go through brick, they go through practically everything" (CBS' *60 Minutes* June 26, 2022 minute 23). Sheeple find that preposterous even as phone reception and Wi-Fi penetrate homes. Non-treasonous leaders will outlaw and demolish millimeter wave infrastructure (https://InfinityB.info/FCC3).

With brief review of the current state of finance, treason and healthcare solutions concluded:

To the family and friends who could simply have one, I wish you a happy Thanksgiving night.

To targeted citizens electrocuted around the clock in ways that become widely known: you know you're not alone in the experience; all who choose the legally and morally indefensible, myopically sadistic, essentially retarded perpetrators' side of these operations will face execution with legal due process; this heinous phase of humanity ends and I thank you for your resilient, incorruptible ethos to end it legally.

To covert sector denizens (including managing secretaries, generals, directors, deputy directors, sponsors, supervisors, surveillers, on duty officers, handlers, honeypots etc.) reading this, understand that your lives, and the fates of your souls, may hinge on grasping 4 simple facts:

(1) Targeted civilian operations, beside elements of treason underway, require flagrantly violating US constitutional rights, including 4th Amendment rights to be secure in one's person and effects against unreasonable searches and 5th Amendment rights prohibiting taking private property — including biometric, neurological, computer or mobile data — for public use without just compensation.

(2) In the US, not a single non-disclosure agreement, executive order or scrap of legislation, whether state, federal or pulled out of your arse, legally constricts full disclosure of flagrantly unconstitutional activity. That's been true since *Marbury v Madison* (1803) as "particular phraseology of the constitution of the United States confirms and strengthens the principle, supposed to be essential to all written constitutions, that a law repugnant to the constitution is void, and that courts, as well as other departments, are bound by that instrument."

You are, in other words, *not* legally constricted in honoring the 5 USC § 3331 oath of office.

(3) Tools tantamount to truth serum proliferated. Those include neural monitoring (a public example: https://InfinityB.info/RNM) and subliminal interrogation (https://InfinityB.info/Filer3), which could become known as SUBINT. This means that plausible deniability of covert criminality disappears.

Coupled with new education (as in https://InfinityB.co/Foundations pages 4–10), this proliferation is the basis of a thousand years of peace. First, however, there will be bloodshed with legal due process.

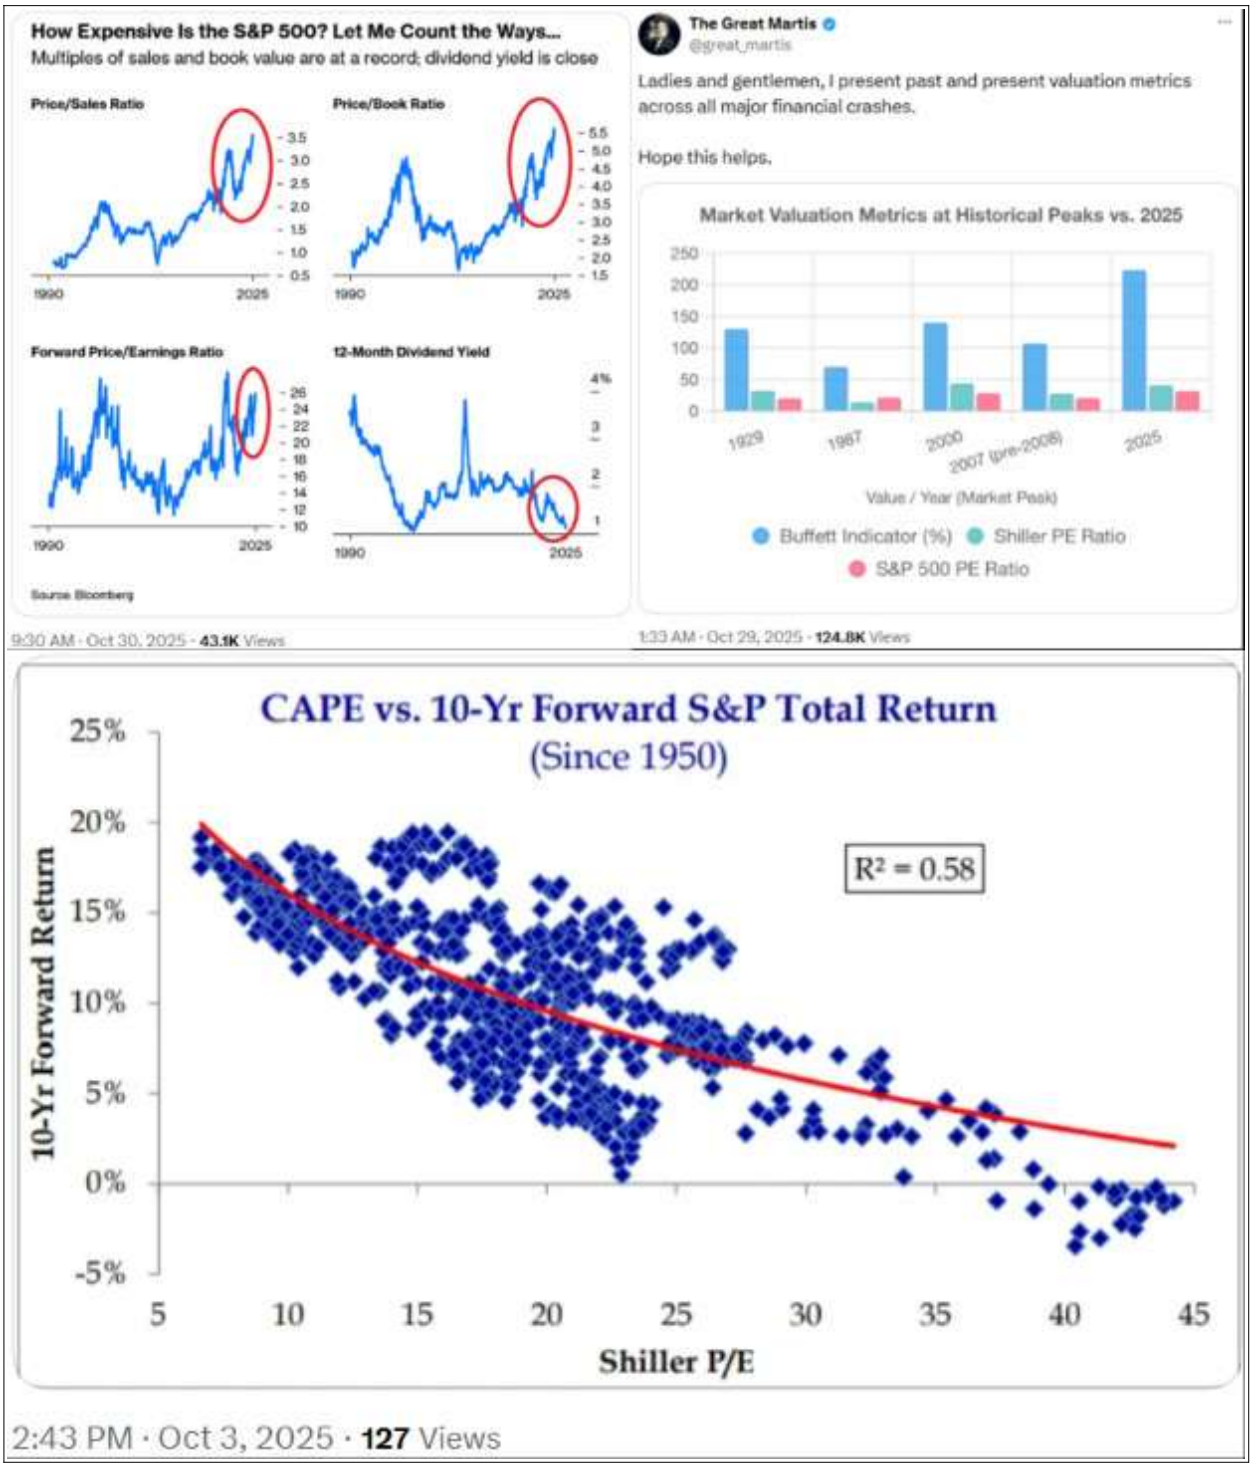

(4) Those who customarily endeavor to libel or slander any covertly targeted (surveilled and tortured) citizen, or to conceal, obfuscate or perpetuate any capital offense underway, will face the death penalty under federal law, with or without reciprocal torture-until-death by connection to a brain-computer interface in evolving statutes for karmically appropriate punishment.

Critically for covert sector denizens, that includes those endeavoring to redact, conceal, obfuscate or gaslight anyone on any capital offense for "national security" or to protect any source or method. All perpetuating civilian targeting programs are complicit in capital offenses under 18 USC §§ 241–242 regardless of § 2332a (for injurious biological, chemical or radiological weapons deployment), § 2381 (treason) or § 2441 (war crimes) adjudication. No masonic or masonutty, illumitarded or illuminasty, Jesuit or other affiliation will protect their ranks from execution with legal due process.

While it's difficult to conceive anyone in the covert sector as other than thoroughly treasonous, lying, cheating, thieving nincompoops tantamount to deranged toddlers: you are adults. Choose your side.

Cordially,
Noam

PS — Facebook formats posts with images appended rather than in-line with text. (Why: a trillion-dollar company arising from DARPA's LifeLog can't enable readily sensible formatting? Can a trillion dollar DOD company find one useful employee? In the event you think this is exaggerated condemnation, kindly review #6(e) above, a solution every branch of the DOD should have replicated years ago and rolled out to every municipality by now, unless all DOD generals choose complicity in mass depopulation and poisoning the populace.) Consequently charts discussed in #1–2 above may appear consolidated below.
