Parent Feedback

- Parents have been asking about when being parent providers will end. We haven't heard anything yet and no news is good news!
- Parents are happy with the providers that they have 😊
- Kiddos have been enjoying the treat baggies that we have been handing out (the Dollar Tree is amazing)
- Well done everyone!

Remember to check out our new Facebook Page @PPRS Newsflash! This page helps to connect providers and parents/guardians so that providers are able to pick up extra shifts and parents/guardians are able to get the help they need ❤️

-Parent/Guardian

"From the very beginning she has been caring and thoughtful and very in tune with my client. She is understanding of her needs and is willing to go above and beyond to meet those needs. She comes prepared and on time every day that she works with my client. She is very professional but also very fun and silly with the client and the client loves her."
