

July

All of us at PPRS hope this summer is finding you well! Now is the time to get out and enjoy the outdoors in our beautiful state!

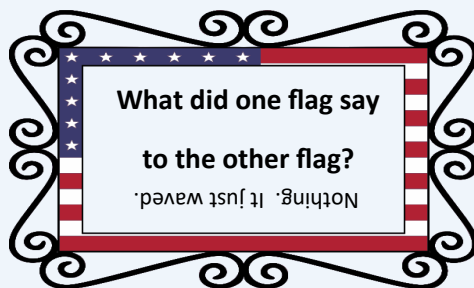

We are proud to say that our Child Youth Mentor program is on the up and up! We are helping families and individuals reach their highest potentials everyday and it is because of how much YOU care! Stay tuned...we will be selecting our first CYM of the Month!

We are also looking for Host Home providers. Are you interested or do you know someone that might be? Don't keep it a secret! Let's get the ball rolling!

Looking for more hours? Simple. Just reach out to Beverly or check out our Facebook Newsflash page. We have plenty of hours to supplement your schedules and to help more people.

We are all so busy but please keep communicating with us! We like to check in and sometimes we need additional information. Getting back to us sooner than later keeps us moving forward!
