

Welcome to A Willing Hand!

We are William and Jasmine, a passionate couple dedicated to meeting our clients needs. We will fulfill this expectation by supplying quality services and equipment to the individuals we serve and giving high quality performance to our community. Our journey began after noticing our clients we service with our homecare agencies had a huge need for medical equipment in their homes that they don't have access to because there's either a shortage or supplies are on backorder. We began to brainstorm how we can turn the shortage around in our community so that the needs of the people are being met. After having a long discussion and creating a plan, we began to put things in motions and we've been committed to bringing our shared vision to life.

Our story is one of love, collaboration, and a mutual passion for the elderly, individuals with special needs and the love for our community. Together, we combine our unique skills and experiences to create something truly special. William's ambitious love for the community, resourceful and approachable way of thinking combined with Jasmine's consistent, efficiency, organization and passion to serve gives a combined strength and expertise along with our complementary talents allow us to approach every project with creativity, dedication, and a personal touch.

At A Willing Hand, we believe in the power of connection and community. We strive to build lasting relationships with our clients and partners, ensuring that everyone who works with us feels valued and appreciated. Our mission is to enhance the well-being and independence of our customers by providing high-quality, reliable, and innovative durable medical equipment. We are dedicated to supporting healthcare professionals and individuals with the tools they need to achieve optimal health outcomes. Our commitment to excellence, compassionate service, and continuous improvement drives us to deliver products that improve lives and foster a sense of security and confidence for those we serve.

Thank you for taking the time to learn a little more about us. We look forward to the opportunity to work with you and share our journey together.

Warm regards,

William and Jasmine
