(3) **Termination** – If the Employee has failed to show willingness to cooperate with the principles of progressive discipline as stated above and the inappropriate behavior or poor job performance has continued, the Employee may be terminated at the end of their shift.

- (a) The five (5) working days of the progressive discipline period shall be considered to have served the purpose of the required one (1) week notice.

25.11 The Union will have the ability to investigate all information leading to the immediate dismissal of an Employee. If it is determined that the dismissal was unwarranted, the Employer agrees to re-instate the Employee and pay any wages payable for lost time due to the unwarranted dismissal and investigation period.

A representative of the Union may also invoke the Grievance Procedure on behalf of any Employee or Employees. Should the dispute be regarding payroll issues, the above seven (7) day timeline may not be applicable. At this stage, the Union and the Company will thoroughly discuss the matter and endeavor to reach an amicable settlement.
- (3) When it is evident that a settlement is not forthcoming, then a grievance must be presented in writing. This Grievance Letter must be submitted to the other party within fourteen (14) calendar days of the occurrence of the event upon which the grievance is based, or, within fourteen (14) calendar days after the facts underlying the grievance became known or should reasonably have become known by the Employee, the Company, or the Union. Claims not submitted within this time period shall be deemed waived.
- (4) Should a resolution not be reached within seven (7) calendar days after receipt of the Grievance Letter, then the grievance will be submitted to a single Arbitrator, whose decision will be final and binding. Prior to Arbitration, it may be agreed upon by both parties to seek non-binding Mediation, which may (if an agreement is reached) eliminate the need for further proceedings.
- (5) The Arbitrator will be a person agreed upon by the Company and the Union. Failing such agreement, either party may request the Minister of Labour in the province in which the grievance arises to appoint an Arbitrator in accordance with provincial legislation. All costs of Mediation and/or Arbitration will be borne equally by both parties.
- (6) The Arbitrator and/or Arbitration Board will not be vested with the power to change, add to or otherwise amend any of the conditions of this Agreement.

26.3 If the grievance has been made by the Union, the Company's representative shall not discuss or negotiate with the aggrieved Employee without the consent of the Union.

Article 27. DIGITAL MEDIA

27.1 Digital media refers to screen-based media productions made for the internet, mobile devices, or any other new media platform. Such productions are considered bargaining unit work, in accordance with article 4.1.

27.2 **Derivative Digital Media Productions.** A Derivative Digital Media production is a production for Digital Media that is based on an existing production originally produced for "traditional" media – e.g., a free television, basic cable or pay television motion picture ('the source production'). Employees may be employed by a Company and assigned to a Derivative Digital Media Production

as part of their regular workday on the source production. The work for the Derivative Production shall be considered part of the workday for the Employees on the source production and shall trigger overtime if work on the Derivative Production extends the workday or work week on the source production past the point at which overtime would normally be triggered on the source production. All other terms and conditions, including fringe benefits, shall continue as if the Employee were continuing to work on the source production.

Article 28. PROTECTION OF RIGHTS

28.1 The Employer will defend, indemnify, and save harmless any Employee (including persons engaged as a dependent contractor and/or loan-out corporation) for liability incurred during the effective dates of this Agreement and in the course of performance of the Employee's assigned duties and performed within the scope of his/her employment for the Company that resulted in bodily injury, property damage suffered by any person(s) subject to the following conditions:

(1) This shall not apply in any instance in which such injury, loss or damage is the result of or caused, in whole or in part, by the gross negligence or misconduct of the Employee. For the purpose of this article, gross negligence is defined as circumstances when it must be plain that the magnitude of the risks involved are such that if more than ordinary care is not taken, a mishap is likely to occur in which loss of life, serious injury or grave damage is almost inevitable.

(2) (a) The Employee shall cooperate fully in the defense of the claim or action, including, but not limited to, providing notice to the Company immediately upon becoming aware of any claim or litigation and attending of hearings and trials. Absent such full cooperation, the Employee is subject to losing the benefits of this article 27.

(b) The protection provided to the Employee in Section (a) above is also personal to the Employee and may be enforced by any Employee in any appropriate court or statutory forum. The protection provided to the Employee in Section (a) does not expire with the expiration of this Agreement but will continue with regard to any claim made against an Employee after the expiration of the Agreement for liability that was incurred in the course of performance of the Employee's assigned duties performed within the scope of his/her employment for the Company.

28.2 The Employer shall indemnify the Employee (including persons engaged as a dependent contractor and/or loan-out corporation) for all reasonable legal costs incurred to defend against any federal criminal and/or provincial quasi-criminal charges which the Employee (including persons engaged as a dependent contractor and/or loan-out corporation) may be charged with in the course of his/her/its performance of assigned duties and also indemnify the Employee (including persons engaged as a dependent contractor and/or loan-out corporation) for any federal criminal and/or provincial quasi-criminal fines imposed.

28.3 **Workplace Equality Policy.** The Company shall not allow discrimination against or engage in any harassment of any applicant for employment or Employee for reasons based on race, colour, ancestry, place of origin, political or religious affiliation, marital status, family status, physical or mental disability, sex, gender identity, gender expression, sexual orientation, age, conviction for which a pardon has been granted, Union membership or participation in the lawful activities of the Union, or any of the basis prohibited by applicable federal or provincial law. The Company will make its Harassment and Discrimination policy available to all Employees as well as provide a copy to the Business Agent prior to signing the Collective Agreement. Should the Company not have a Workplace Equality policy the IATSE 709 Equality Statement will be adopted, and all Union members will be directed to speak with their Key, Production Manager or Producer regarding any inequality claims.

(1) **IATSE 709 Equality Statement.** Equal rights are the cornerstone of the labor movement. Unions were founded on the principle that all people are equal, and all people are deserving of respect and fair treatment. Equality issues run through all areas of trade union activities – from health and safety to wage negotiations. IATSE is committed to equality of opportunity and to eliminating all forms of discrimination. We are opposed to unlawful and unfair discrimination and oppression on the grounds of sex, gender identity and expression, relationship or marital status, race or ethnicity, disability, sexual orientation, age, language, background, political or religious beliefs, physical appearance, pregnancy, or responsibility for dependents. We believe that equality for all is a basic human right and we actively oppose all forms of unlawful and unfair discrimination. IATSE leaders and members must be vigilant in working, both with each other and with our Employers, to promote an equal and welcoming environment for all people, through our actions, attitudes, and language. The IATSE celebrates the diversity of society and is striving to promote and reflect that diversity within this organization.

Article 29. COMMUNICATIONS

29.1 Any communications directed to either party are to be forwarded to the addresses shown at the end of this Agreement and both parties will keep each other informed of any changes in address. Unless the Union is advised in writing of a change of address, any communication of any legal proceedings on the address indicated at the end of this Agreement shall be good and valid service.

Article 30. INTENT OF AGREEMENT

30.1 It is the purpose of this Agreement to set forth conditions of employment to be observed between the parties and to provide a procedure for prompt and equitable adjustment of grievances in order that there will be no impeding of work, work stoppages or strikes or any other interference with the production and/or Company facilities during the life of this Agreement.

30.2 It is the further intent of this Agreement to foster a friendly spirit of cooperation between the Company and its Employees and to this end, both parties sign the Agreement in good faith.

30.3 This Agreement will be binding upon and ensure to the benefit of the parties and respective heirs, executors, administrators, receivers, successors, and assigns.

Article 31. GREEN PRACTICES

31.1 The bargaining parties mutually embrace the philosophy of financially efficient green practices that benefit the environment. To that end, the bargaining parties affirm their commitment to review existing and/or develop new green practices that can be disseminated to production as a resource in this vital endeavour.

Article 32. CYBER SECURITY

32.1 **Cyber Security Requirement.** When the Employer requires sensitive information to be distributed from an Employee's personal device(s) (ex. computer and/or cell phone) each device must be protected by a trusted anti-virus software provided by the Employer and a rental fee for each device is required. If the use of WIFI is required, Employee's without an unlimited data plan must be compensated for additional data use expenses by the Employer. The Employer maintains the right to provide device(s) in lieu of providing a rental fee to the Employee.

SCHEDULE B – ARTIFICIAL INTELLIGENCE

Article 1. ARTIFICIAL INTELLIGENCE

1.0 **Artificial Intelligence.** This Article applies prospectively on or after the date of ratification of this Agreement.

1.1 **Definitions.**

- (1) The parties acknowledge that ‘Artificial Intelligence’ and ‘AI’ have become catchall names that generally refer to the ability of a machine-based system to apply analysis and logic-based techniques to solve problems or perform tasks and improve as it analyzes more data. An ‘AI System’ is any machine-based system that uses AI as a core function.
 - (a) **Machine Learning.** The parties acknowledge that machine learning (‘ML’) is a subset of AI that enables machines to develop algorithms, including via deep learning (as defined below), based on statistical inferences drawn from patterns in submitted training data, including, but not limited to, diffusion models and large language models, for the purpose of performing tasks. Such tasks include, but are not limited to, predicting human behaviors, disseminating information and generating content.
 - (b) **Generative Artificial Intelligence.** The parties acknowledge that generative artificial intelligence (‘Gen AI’) refers to a subset of ML that generates new content including, but not limited to, text, video, audio, three-dimensional (3D) models, code, and images. A ‘Gen AI System’ is any machine-based system that uses Gen AI as a core function.
 - (c) **Deep Learning.** The parties acknowledge that Deep Learning refers to a subset of ML based on artificial neural networks that have multiple layers of connected artificial neuron nodes processing data.
 - (d) The terms ‘Gen AI’ and ‘Deep Learning’ set out in this Agreement are used for convenience and shall also apply to any technology that is consistent with the foregoing definitions, regardless of its name or designation.

1.2 **Existing Technologies and Practices.**

- (1) The parties acknowledge that the Employer has historically used digital technologies, including without limitation so-called ‘traditional AI’ technologies programmed to perform specific functions (e.g., CGI, VFX, sound effects), and technologies such as those used during any stage of pre-visualization, pre-production, production, post-production, marketing and distribution and may continue to do so, consistent with its historical practices.

1.3 **New Technologies and Practices**

- (1) The parties acknowledge the importance of human contributions in motion pictures and the need to address the potential impact of the use of AI Systems on employment under this Agreement.

1.4 **Use of New Technologies**

- (1) An Employer continues to have the right to utilize new technologies in connection with motion picture production, including in connection with creative elements. An employer may require Employees to use any AI System or resulting output of such systems for use in connection with the performance of covered work. Employees who are assigned to utilize an AI System to perform services, including by inputting prompts or otherwise overseeing the use of the AI System, shall continue to be covered under the terms of this Agreement while performing such work.
- (2) The Employer will not require an Employee to provide prompts furnished by the Employee in the performance of bargaining unit work in a manner that results in the displacement of any covered employee.
- (3) Should an Employee use an AI System in the performance of covered work, the Employee will be required to adhere to the Employer's policies (e.g., policies related to ethics, privacy, security, copyrightability or other protection of intellectual property rights), which shall be provided to the Employee. In any event, the Employer retains the right to require that an Employee obtain consent from the Employer before using AI Systems, and the Employer retains the right to reject the use of AI Systems or any output from such use, including when the use could adversely affect the copyrightability or exploitation of the work or create other risks or liabilities for the Employer. The Employer agrees to provide the Union with any written policies governing the use of AI Systems by employees covered under this Agreement.
- (4) An Employer's decision to require an Employee to use an AI System in connection with the Employee's performance of bargaining unit work, including for any creative elements or administrative tasks, will be subject to consultation with the Union and the Employee at the Union and/or the Employee's request.
- (5) The Employer shall indemnify the Employee from liability and necessary costs, including by providing the Employee a legal defense resulting from any claims arising from the use of AI Systems or the resulting output occurring in the performance of the Employee's duties and within the scope of the Employee's employment with Employer.
- (6) Implementation of Work Training Programs - the parties acknowledge that the preferred method of addressing impact resulting from new technologies is through provision of work training and other programs designed to foster new skills to improve opportunities for employment and effective use of AI tools. The parties will cooperate in the

establishment of work training and other programs with respect to covered work under this Agreement and endeavour to establish a committee for the purpose of formulating and implementing such training and other programs. The parties agree the committee shall meet regularly during the term of this Agreement to discuss and review information related to the Employer's use and intended use of AI in motion picture production.

- (8) Claims for violation of this Article are arbitrable and must be brought under this Agreement. All remedies are available with the exception of injunctive relief. For clarity, the arbitrator shall have no authority to prohibit or restrict the use of any AI System or the resulting outputs.
- (9) No Employee shall be subject to scanning of the Employee's visual or vocal likeness for use in a motion picture without the Employee's consent. The Employer shall provide the Employee with a reasonably specific description of the intended use. The consent must be clear and conspicuous and may be obtained through an endorsement or statement in the employment contract (deal memo) that is separately signed or initialed by the Employee or in a separate writing that is signed by the Employee. A copy of the consent shall be provided to the Union in advance of it being presented to Employees. The Employee's consent to such scanning may not be a condition of employment and the consent itself shall clearly state the same.
