

YOU LOVE THEM, WE LOVE THEM.

ULTRACELL® RAW is the hemp-derived CBD oil just for pets!
Our recommended serving size is based upon the weight of your pet.

CATS & DOGS*

Start

with 1/4 drop (0.01 mL) per 20 lbs. twice a day.

Increase

to 1/2 drop – 1 full drop (0.02 mL – 0.05 mL) per 20 lbs. twice a day.

Place inside the upper lip under the split between upper lips and nose.

*** Always start low initially.** If you don't see any results after giving the recommended starting serving size to your animal, gradually increase the serving size until the maximum serving size is met. Do not exceed maximum serving size requirements. Always consult your veterinary provider prior to use.

HORSES*

500 lbs. or less

1 drop (0.05 mL) – 3 drops (0.15 mL)
1 - 2 times per day.

500 lbs. – 1,000 lbs.

3 drops (0.15 mL) – 5 drops (0.25 mL)
1 - 2 times per day.

1,000 lbs. – 1,500 lbs.

5 drops (0.25 mL) – 10 drops (0.5 mL)
1 - 2 times per day.

Place in the "gutter cup" of the lower lip or at the corner of mouth where lips meet.

UltraCBG™ serving suggestions are the same as UltraCell® Raw; using both may enhance endocannabinoid system functions.

ULTRACELL® RAW

PROPRIETARY FULL SPECTRUM HEMP CBD OIL
Full spectrum, hemp-based cannabinoids made water soluble for enhanced absorption.†

Supplement Facts

Serving Size [For Humans] 1/2 dropper (0.5mL)

Servings per Bottle 30 or 60	Amount per Serving	% Daily Value
Hemp Oil Extract (from aerial parts)	8.34 mg	±
