

# Bernie Boehm

SINGER | SONGWRITER

## INTRODUCTION

Emerging from the shores of Daytona Beach, singer-songwriter Bernie Boehm lights up the stage with soulful vocals, radiant guitar work, and an unmistakable charisma. Alongside his beloved sidekick 'Luna Dog' (the now-famous guitar-playing pup), Bernie delivers a sound filled with warmth and authenticity. While continuing to front Florida's reggae-rock band Brothers Within (named one of the Top 5 Best Local Musicians by E.C. Current Magazine), Bernie is stepping into his own spotlight. Under the management of Pipe Lane Entertainment, his solo project reflects a deeper connection to his roots, expanding his creative sound through stories of growth, love, and redemption while staying true to his coastal soul.

## CAREER

As the driving force behind Brothers Within (est. 2015), Bernie helped shape the band's signature reggae-rock fusion, earning festival placements like Reggae Rise Up and sharing stages with Stick Figure, Collie Buddz, and The Original Wailers. In September 2025 their song "Somebody, Somewhere" hit 1 million YouTube views. Bernie and his band also gained national visibility through Sugarshack Sessions Live, the influential acoustic series with 500k+ subscribers and over 150 million views.

Today, Bernie's solo catalog is rapidly gaining traction, with 3,100+ monthly Spotify listeners. Known for his dedication to craft and performance, he continues to elevate his brand in unexpected ways—in 2021, he even set a Guinness World Record for the longest time spinning a basketball on a guitar.

## BACKGROUND

Behind the music lies a story built on resilience, love, and the kind of survival that shapes a soul long before the spotlight finds it. Bernie's life began with a miracle: before he ever took his first breath, a near-fatal motorcycle accident nearly rewrote his family's fate. His father slipped into a coma for months, and his mother fought internal injuries while pregnant. Born a month early, Bernie entered the world as a "miracle baby" whose very first act was survival. He's kept that same spirit ever since. When he's not playing music, you'll find him by the ocean—surfing, fishing, or tending his garden, holding those connections close to his heart.
