

# RACE FORMAT

This unique racing format stems from the FIM World Motocross Championship/MXGP, thus the name World Mini.

Each class will receive one rotation of practice, a qualifying race for gate pick, and 2 motos. Classes with more than 40 riders will run divisions for advancement to the Championship Race.

- Your Qualifying finish position will be your gate pick for both Motos 1 & 2.
- The combined score from the 2 motos will determine the 2023 World Mini Championship. Those not qualifying/advancing to the Championship Race will compete in a 2 moto format Consolation Race.

**See Qualifying format below.**

## **Classes with 40 riders or less (Includes Pro/A Classes)**

- Qualifying Race – 5 Laps
- Gate Pick: Random Selection
- All riders in classes with 40 or less will automatically advance to the Championship Race.
- Your finish position in the Qualifying Race will be your gate pick for Motos 1 & 2 in the Championship Race.

## **Classes with a max of 72 riders:**

- Qualifying Race/Divisions – 5 Laps
- 2 divisions of 36 riders each.
- Gate Pick: Random Selection
- The top 16 out of each division advance to the Championship Race to make up positions 1-32.
- The remaining 40 riders will move on to the LCQ (Last Chance Qualifier)
- Gate pick for the LCQ will be based on your finish position from your Qualifying race.
- The top 4 from the LCQ will advance to the Championship Race to make up positions 33-36.
- The remaining 36 riders that did not advance will compete in a 2 moto format Consolation Race.

## **Championship Race – 2 moto format**

- Gate Picks for Moto 1 & 2 of the Championship race are based on your Qualifying/Division Race position.
- Overall Finish: Combined score from Moto 1 & 2.
