

DANCING SPIRIT CENTER FOR THE ARTS

IGNACIO, COLORADO

March 20, 2024

DANCING SPIRIT BUILDING UPDATE

Here are a few things we've accomplished in the past month:

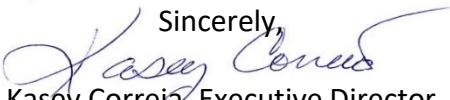

- Roof trusses are up and we passed the inspection!
- Interior partition walls and mechanical mezzanine are complete
- Roofing material is going on and getting dried in
- Glulam beam is in
- Drop edge and fascia metal are being installed
- HVAC and plumbers have started their rough in
- Exterior walls have passed inspection and are ready to cover, we have started the process for exterior color has been submitted to the town

Progress continues and the building is a buzz! Los Pinos sent a crew of firefighters over for a construction clinic and the Durango Herald did a great article about the building project.

Check out the article in the Durango Herald!
