### DANCING SPIRIT BUILDING UPDATE

Here are a few things we've accomplished in the past month:

- Framing is finished
- Stucco is in progress – brown coat first, then the color (which was approved by the Town of Ignacio!)
- Crawl space mitigation & restoration is complete
- Air intake/exhaust and ducting for the kiln room and HVAC rough in are in progress
- Attic fire rated assemblies are finished
- Plumbing rough in is in progress
- All penetrations (vent, exhaust, gas riser etc.) are completed with scratch & brown coats and will cure for the next week.
- The final Town of Ignacio Building Inspection for all fire rated assemblies passed

Our biggest news? We had a successful walk through with the Tribal Economic Forum. Dancing Spirit is definitely getting some good attention!

Sincerely,
