- Connect with the food you eat by meeting your farmers and exploring the farms.
- The CSA is not cheaper than a grocery store; however, we offer an excellent product at a fair price.

**Eat Well**

- Buy the freshest possible food for your family.
- Explore new foods and learn to cook with them.

**Be Healthy**

- Eat more fresh vegetables and fruit.
- Share healthy eating habits with your kids. Expose them early to a variety of regional produce.

**Protect the Environment**

- Support farmers who take care of their land by growing food in ways that take care of the soil.
- Cut down on the number of miles your food travels from the farm to your plate.

Not only are customers receiving quality products and experiences, they are also supporting their local farms and youth!
