CSA NEWS & UPDATES

Winter Veggie CSA

The cold temperatures and ice have been tough on the veggie's growth. I will keep you posted and send an email about Feb 27. The winter vegetable season runs through April 24, 2021, with 8 weeks built in for holidays, slow regrowth, and or bad weather.

March 6, 2021 is the CSA farm share pick up for Meat, Chicken, Egg, and Winter Veggie (depending on weather).

We are excited to announce the all NEW Chicken CSA

You asked and we provide, the new chicken CSA.

The chicken CSA will work much like the meat share receiving approximately 10 lbs / month which will rotate through the different cuts and whole chickens. Half share option is a bimonthly distribution.

Example of items in Chicken CSA:

- chicken whole
- chicken bone-in thighs
- chicken boneless thighs
- chicken breast boneless
- chicken drumsticks
- chicken leg quarters
- chicken party wings
- chicken breast tenderloins
- chicken wings
- chicken ground
- chicken sausage breakfast links
- chicken sausage grillers
- chicken 6 oz patties
- chicken minute steak

If you currently are enrolled in a Chicken CSA share you have two choices:

1. Keep it as it is without change in price or product
2. Upgrade to new CSA and prorate the price based on distributions remaining.
