

Did you know?

- Today many children learn to ride and practice in parking lots, driveways and streets.
- Each year more than 400,000 children are treated at the emergency room for bicycle-related injuries
- Nearly half of the injuries happen directly on the street
- Children ages 5-10 average 3.5 to 5 hours of screentime daily. Health organizations recommend less than 2 hours per day

Let's give every child
a safe place to ride

Key benefits

of a community bicycle
playground

- **Learn to Ride Safely**

A dedicated space allows children to develop bicycle skills away from busy streets and parking lots.

- **Promote Healthy Lifestyles**

Cycling improves physical fitness, balance, endurance, and overall well-being.

- **A Destination for Families**

A unique recreational amenity in Larry Crites Park in Festus serves residents and attracts visitors.

- **Encourage Outdoor Activity and Social Interaction**

Parks inspire children to put down screens and enjoy outdoor active play.

Building a Strong Community

one ride at a time

Optimist Bicycle Playground Mission Statement

The mission of the Optimist Bicycle Playground is to create a safe and engaging outdoor park where youth can learn to ride bicycles, develop skills and safety habits, and have FUN!

We invite you to

DONATE

The goal is to raise funds for construction, equipment, signage and amenities that will make the Optimist Bicycle Playground a lasting community asset.

- Naming opportunities are available for major sponsors
- All donations are tax deductible
- Invest in the future of our children and community

Become a

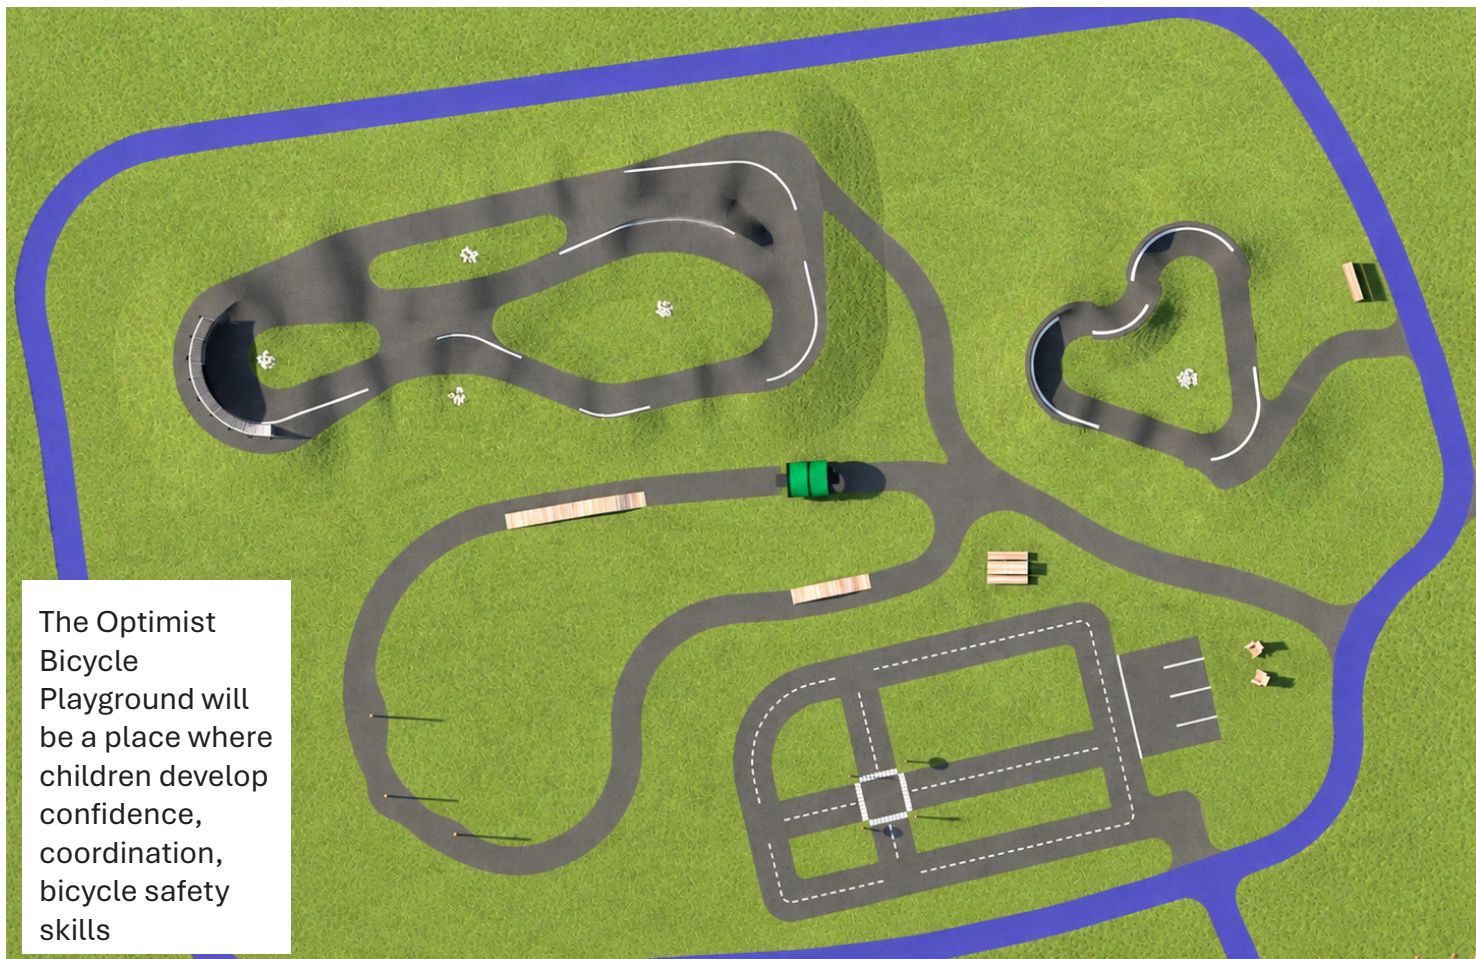

FOUNDING PARTNER

Your gift of \$10,000 or more will be recognized with permanent signage at the playground

Community Partner	\$5,000-\$9,999
Trail Builder	\$2,500-\$4,999
Wheel Sponsor	\$1,000-\$2,499
