

## CORE CAPABILITIES

## WHAT DEFINES US

Hardwick Electrical Contractors, LLC is a Jacksonville-based electrical contracting company with over 25 years of experience, offering a wide range of electrical solutions to homeowners and businesses. The company emphasizes fair pricing, unparalleled service, and highly trained staff who stay up to date with industry standards. Customer satisfaction is a priority, with 24/7 availability in both scheduled maintenance and emergency services throughout the state of Florida.

## DIFFERENTIATORS

Hardwick Electrical Contractors is uniquely positioned to serve your residential, commercial and industrial needs. We differ from our competitors by offering:

**24/7 Emergency Response:** We offer 24/7 emergency electrical services, ensuring rapid response and support at any time of day or night. We are committed to client needs and their readiness to address urgent electrical issues making us a reliable choice with minimal downtime.

**High Voltage Expertise:** With specialized expertise in high-voltage electrical systems, we stand out as a valuable resource for government and industrial projects involving complex electrical requirements. Our proficiency in handling high-voltage systems sets us apart and positions us as a trusted partner for all of your power needs.

**Comprehensive Green Solutions:** We concentrate in environmentally conscious electrical solutions, including solar wiring, green energy projects and disaster recovery work. This unique focus aligns with initiatives promoting sustainability and energy efficiency. We pride ourselves on partnering with clients aiming to reduce environmental impacts and enhance efficiency in government, commercial and industrial facilities.
