WHO WE ARE

Mark and Lachlan, the company directors, are committed to **connecting**, **collaborating**, and **creating** with the community. They achieve this by placing major emphasis on continually engaging with local contractors who they trust and have long-standing, well-established partnerships with.

Western Civil Group was formed in 2025 through the merger of two well-established civil construction companies from the Dubbo region, alongside the integration of a highly-regarded local transport company. This strategic amalgamation brings together industry expertise and resources to deliver premier earthworks and civil infrastructure solutions.

The business is family-owned and operated with a combined experience of over 40 years dedicated to the Central West.

With a strong foundation and reputation that is built on integrity, quality assurance, and reliability, WCG deliver exceptional results every time, no matter the job. More than just a faceless service provider, Mark and Lachlan are a part of this community—invested in its growth, development, and prosperous future.

INCORPORATING:

WPCC
WESTERN PLAINS
CIVIL CONSTRUCTION

THE DIRECTORS

MARK RICE

Bachelor of Applied Science

Mark has dedicated his career in civil construction over the last 3 decades to creating lasting impacts on local infrastructure through land development, road building and subdivisions

LACHLAN COLBRAN

Bachelor in Extractive Industries

Lachlan has made moves within his career from plant operations, to managing large scale projects that align with his passion for site development, both bulk and detailed excavation and land remediation

utilising Citation Group

DELIVERING QUALITY

QMP created in accordance with industry standards

PRIORITISING SAFETY

WHSP to ensure we get our team home safe

ENVIRONMENTAL SUSTAINABILITY

EMP guaranteeing we tread as softly as possible

OUR ETHOS

DIVERSE OPPORTUNITY

WCG always aim to not only meet, but exceed,
procurement protocols when approaching
contractors on our projects

LOCAL-MINDED

WCG is a grassroots company that believes in
continually pouring back into the area in which
we live. We understand that an empowered
community, is a thriving one.

LASTING IMPACT

Civil construction contains work where the
better it is done, the less you will see it.
We walk away from every job knowing that
the foundations we have laid, even if they are
buried, reflect the pride we take in delivering
quality work.

PROJECTS

'HOLMWOOD ESTATE'- DUBBO
Western Plains Civil Construction
\$34 million

Total land development and civil operations for a 215 Lot Subdivision to create 'Holmwood' Estate. Designed ensuring spacious lots, quality infrastructure, and seamless integration with Dubbo's growing landscape.

SOLAR FARM - GILGANDRA
YES Group
\$6 million

Completed upgrades to the council road to provide access to the site's internal roads and laydown areas. For the solar farm's internal power, WCG provided trenching throughout the area.

RSL REMEDIATION - DUBBO
Lyons Project Management
\$8 million

Total site remediation of waste site in collaboration with Barnson's geotechnical and environmental engineering team. The project creates a new Dubbo sporting ground for the RSL Sports Club.

KEY PARTNERS AND PREVIOUS CLIENTS

THE WESTERN CIVIL GROUP DIFFERENCE

The workmanship and systems of big business, with the heart of the small town

Western Civil Group is known for their straightforward and no-nonsense approach to work. Mark and Lachlan bring a wealth of local connections, ensuring that your project runs efficiently. With every contract, they leverage their extensive network of trusted, well-vetted businesses and individuals, to create a seamless and reliable chain of local support. Similarly to the most qualified contractors, WCG own and use only the latest, well-maintained and efficient machines and equipment. Their reputation is a top priority, which is why they personally oversee the quality at every stage of the project. With a focus on delivering on time, within budget, and surpassing client expectations, they ensure every detail is handled with the utmost care and professionalism.

“

The service is always excellent delivering on time and budget across numerous projects. Best of all Mark Rice, Director of Western Civil Group takes a personal interest to ensure success.

”

“

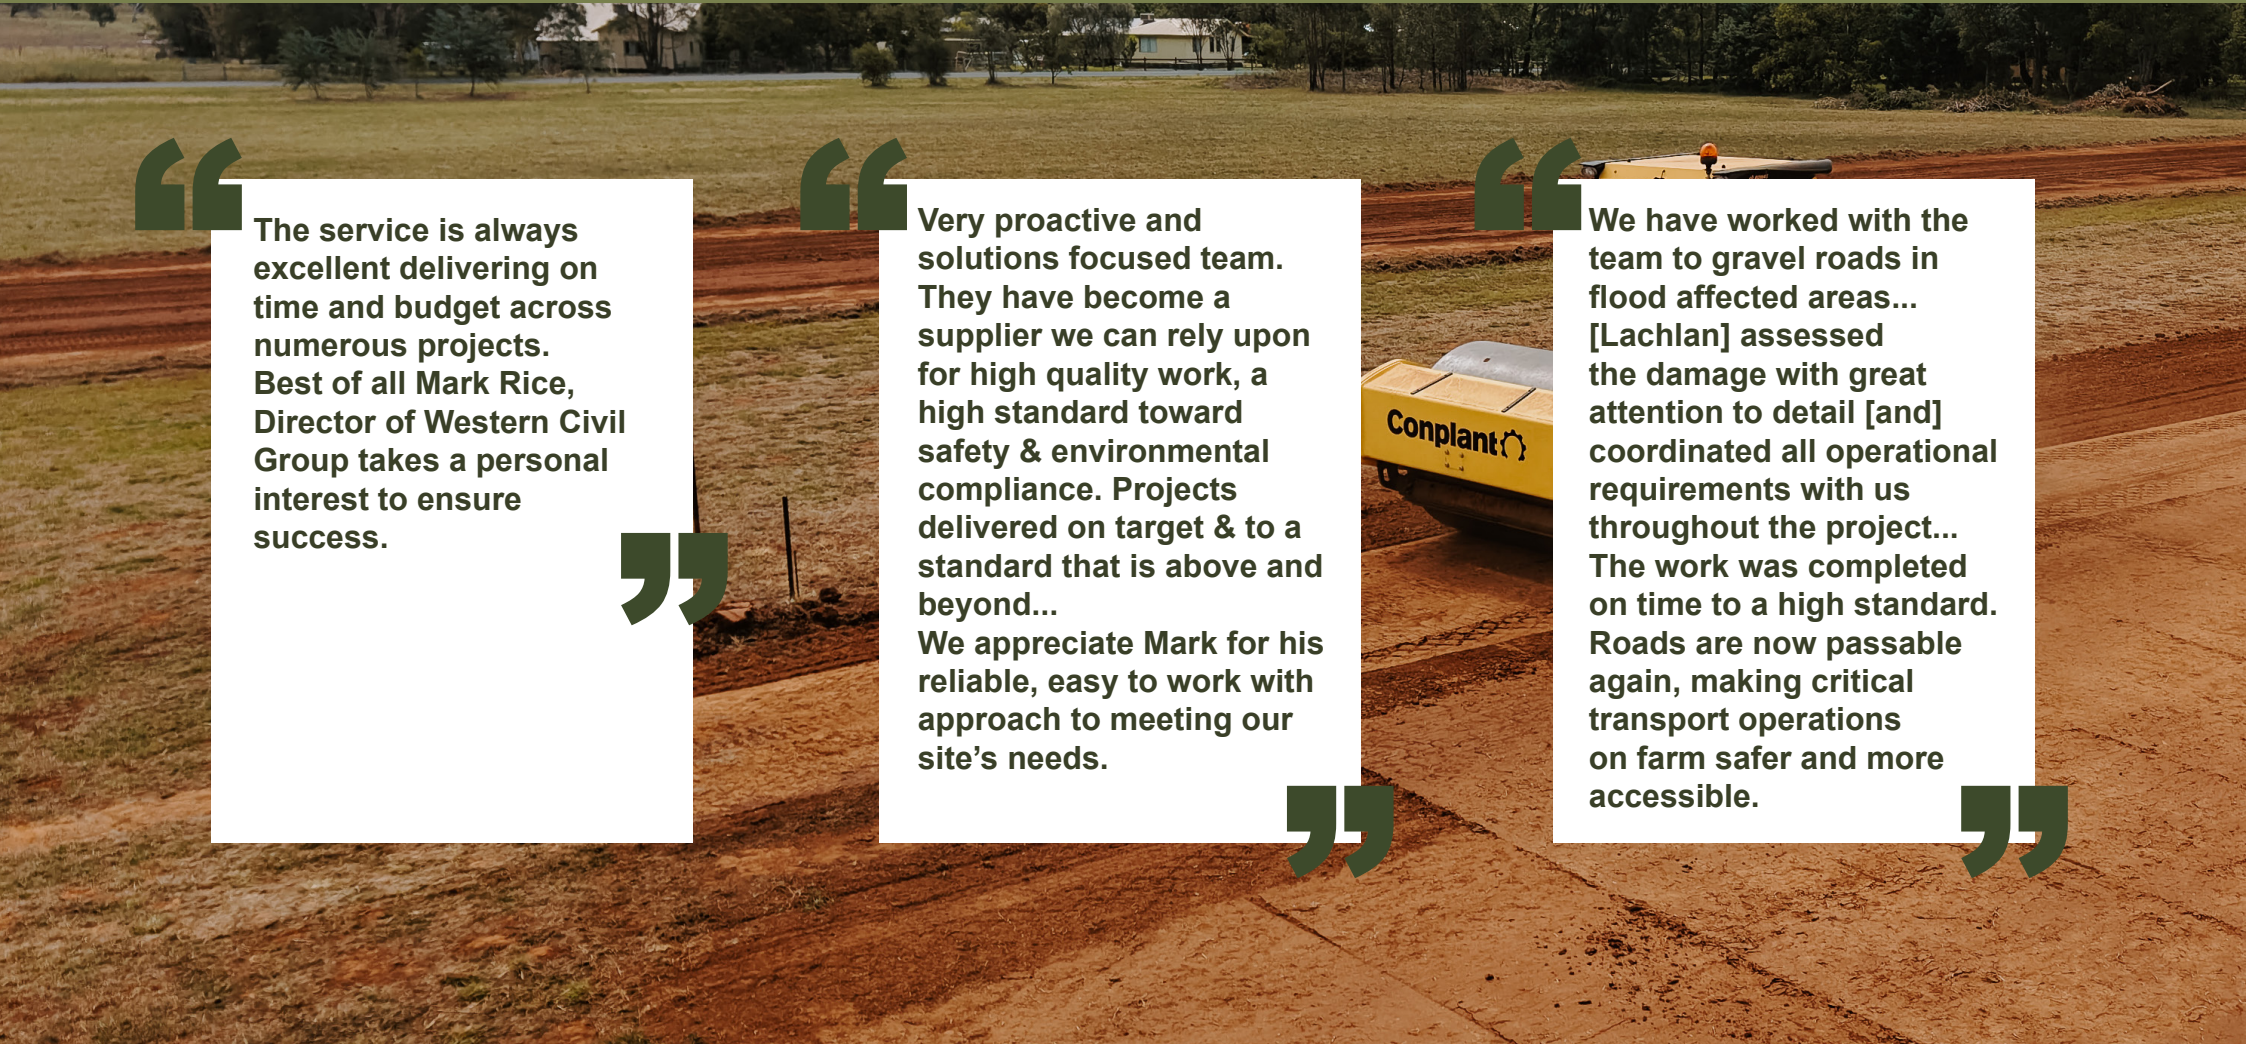

Very proactive and solutions focused team. They have become a supplier we can rely upon for high quality work, a high standard toward safety & environmental compliance. Projects delivered on target & to a standard that is above and beyond... We appreciate Mark for his reliable, easy to work with approach to meeting our site's needs.

”

“

We have worked with the team to gravel roads in flood affected areas... [Lachlan] assessed the damage with great attention to detail [and] coordinated all operational requirements with us throughout the project... The work was completed on time to a high standard. Roads are now passable again, making critical transport operations on farm safer and more accessible.
