## Business Summary

APECx Ilc is a certified Maryland Department of Transportation (MDOT) Minority Business Enterprise (MBE/SBE/DBE) licensed architectural firm located in Granite, MD. APECx was founded in 2019 with a mission to help our clients save time and money by identifying and addressing potential issues in the design documents prior to construction. APECx also specializes in commercial, private and institutional design and construction projects with a focus on sustainable and resilient infrastructure and a sensitivity to environmental, social and economical factors. In addition to general architectural services, APECx also provides construction cost estimating, space planning, constructability and peer reviews ensuring compliance with building commissioning requirements, building codes and ADA regulations.

APECx is intentionally dedicated to working closely with clients to help them meet project budgets and construction schedules.

- Construction Cost Estimating
- Graphic Design
- 3D Modeling
- Interior Design, including Furnishings, Fixtures and Equipment
- Documentation of Existing Conditions
- Project Management and Construction Contract Administration

## LEADERSHIP

### *Kenneth Michel AIA, NCARB, LEED GA Principal Architect:*

*With more than 15 years of experience, Kenneth Michel is a seasoned expert in construction documentation and administration of the contract documents. His experience includes design review of capital construction projects, policy writing, comprehensive design reviews, quality assurance and oversight of design and construction documents. He is experienced with building materials and systems, sustainability techniques and construction administration of complex projects. Kenneth Michel has developed a systematic design review process that ensures facility design and construction conform to applicable standards, guidelines and owner project requirements.*

## OUR TEAM

*Our network of licensed design and construction experts collaborate to prepare detailed construction documents and plan reviews that can be accessed digitally from anywhere. Our ability to have peer reviews conducted by architects and engineers that know how to develop a complete set of construction documents from concept to the built structure allows our team to uniquely identify errors and omissions saving our clients time and money. Take advantage of APECx's expert industry professionals today and discover how APECx works for you!*
