New Fabric!

Cresswell Black

Our darkest fabric in the Cresswell Collection.

Elegant Yet Sturdy.

This beautiful new fabric combines the elegance of a solid black suit with the sophistication of our other patterned fabrics to create a new dark fabric that not only hides any potential stains but protects your equipment with the durability of tightly-woven tapestry fabric.

New Fabric!

Cresswell Cocoa

An old favorite color finds new life in the Cresswell Collection.

Warm and Elegant.

After losing our most popular cocoa fabric, we worked hard with our manufacturer to create an updated version. This new Cresswell Cocoa brings back the warmth and beauty of the previous fabric but adds sophistication and strength with a durable new weave and beautiful accent stitching.

Weights Just 18 Pounds.
Easy to carry bag includes the integrated fabric cover.

Sturdy Folding Table.
The included aluminum table is lightweight but strong, able to support 100+ pounds with locking legs and full 30"x 60" surface.

Cover & Bag Are One Piece!
Place the bag on top of the table and the cover unfolds in seconds. Flat pack design keeps fabric from wrinkling and stows quickly.

Matching
Box Cover

No More Cold, Impersonal Pre-Cremation ID Viewings

The IdentiView System is designed to fit virtually all minimum cardboard cremation containers to turn an ID viewing into a more pleasant experience for your client families. Drape the box cover around the cardboard walls and tuck it around the decedent to cover the box and then drape the top with the matching throw. Use the matching lined pillowcase to complete the transformation.

Fast, Easy Installation & Cleaning

Because the system drapes the box, the remains are undisturbed inside the cremation container. All materials are washer- and dryer-safe. Pair with a matching church truck drape if desired.
