

ABA & YOU

Job Title: ABA Therapist/Registered Behavior Technician (RBT)

Summary: At ABA & You, we are looking for strong and passionate top-quality therapists who are committed to providing quality services to individuals with autism. This is a unique opportunity for staff to learn and grow alongside their learners.

ABA & You expects our staff to:

- Have experience and know how to run consistent and tight ABA therapy
- Have clear expectations for behavior and performance for their learners
- Have experience dealing with challenging behaviors
- Have previously been successful at establishing instructional control with prior learners.
- Know how to capture and contrive incidental teaching opportunities.
- Must be able to use clear, concise, and succinct language with learners
- Must know how to write and keep thorough notes
- Work shifts that range from 5-8 hours

Responsibilities:

- Directly implementing behavior plans and programs with children in a 1:1 format
- Collecting data on an ongoing basis as written by BCBA
- Reporting successes and challenges objectively to the BCBA
- Gaining instructional control with learners
- Teaching using discrete trial methods
- Capturing and contriving opportunities for teaching in the natural environment
- Writing and keeping thorough notes relating to session

Qualifications:

- Bachelor's Degree required

- RBT Certification (preferred)
- Experience working with children and/or young adults diagnosed with autism for at least 2+ years.
- Experience implementing Applied Behavior Analysis (ABA) for at least 2+ years.
- Experience working in-home setting (at least 1 year preferred)

ABA & You offers:

- \$30-40 for part-time employees; \$62,000-83,000 for full-time employees (commensurate with experience) and other employee benefits
- Career advancement opportunities
- Great collaborative work environment
- Positive, ego-free work environment!

ABA & You is committed to making genuine connections with our learners—our team loves working with kids and is committed to watching and helping them grow into the best possible versions of themselves.
