

*Join Us In Building Our Own 21st Century ‘Coconut Wireless’!*

# **Waimea Emergency Communications Awareness Network - **WECAN!****

*As responsible community members living in a rural/remote part of Hawai’i Island, we must become better able to respond to short- and long-term disruptions that threaten life, property and community well-being.*

- **TRACK I:** Identify and engage trusted Points of Contact (POC)
- **TRACK II:** Develop communications protocols to support & complement first responders
- **TRACK III:** Acquire and deploy layered technology supports

# ***What Everyone Should Do To Be Better Prepared...***

***We are our own best 'first responders'!***
