Version: 6.0

Date prepared: Friday, December 14, 2018

This Financial Services and Credit Guide (FSCG) contains information that will help you decide whether to use the financial services we offer. It sets out:

- who we are and how we can be contacted
- the advice and services we provide
- information about our licensee Charter Financial Planning Limited (Charter)
- our fees and how we, your adviser and Charter, are paid in connection with those services
- how we manage your private information
- how you can complain about a matter relating to us or Charter

## Documents you may receive

We will provide you with a number of documents as you progress through our financial planning process to capture each stage of your advice journey. We may provide these documents to you electronically to your nominated email address, unless otherwise agreed.

When we provide personal advice it will normally be documented and provided to you in a Statement of Advice (SoA), known as a financial plan. The financial plan contains a summary of your goals and the strategies and any financial products we may recommend to achieve your goals. It also provides you with detailed information about product costs and the fees and other benefits we and others will receive, as a result of the advice we have provided.

If we provide further personal advice a financial plan may not be required. We will keep a record of any further personal advice we provide you for seven years. You may request a copy of such records by contacting our office during that period.

If we recommend or arrange a financial product for you we will provide a product disclosure statement (PDS) or investor directed portfolio service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage that product.

You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

Under the Tax Agent Services Act 2009, Capital Wealth Advisers Pty Ltd, trading as Capital Wealth Advisers is authorised by the Tax Practitioners Board to provide tax (financial) advice services on matters that are directly related to the nature of the financial planning advice provided to you. We will not consider any other tax matters in our advice to you. Where tax implications are discussed they are incidental to our recommendations and only included as an illustration to help you decide whether to implement our advice.

## Transaction services

We can arrange to complete transactions for you on limited types of financial products where we can take your instructions and arrange for the transaction to be completed, without providing personal advice. If you wish to proceed without our advice, we will ask you to confirm your instructions, which will be documented in writing. We will keep a record of this documentation for seven years. You may request a copy of such records by contacting our office during that period.

## Your relationship with us and using our services

You can contact us directly with any instructions relating to your financial products. This includes giving us instructions by telephone, mail or email. We can only accept your instructions via email once you have signed an authority form.

We will work with you to agree what advice and services we will provide and when and how often we will provide them.

Where you agree to ongoing advice and services, the details will be documented and provided to you in a service agreement. This includes the frequency of contact between us, service standards that may apply, any ongoing fee arrangements and how the service can be terminated.

If at any time you wish to terminate your relationship with us, please contact us using the details shown in this guide.

## Providing information to us

It is important that we understand your circumstances and goals, so that we can provide you with appropriate advice and services. You have the right not to provide us with any personal information. Should you choose to withhold information, or if information you provide is incomplete or inaccurate the advice or services we provide you may not be appropriate for you.

It is also important that you keep us up to date by informing us of any changes to your circumstances, so we are able to determine if our advice continues to be appropriate.

## Our fees

The fees charged for our advice and services may be based on a combination of:

- A set dollar amount; or
- A percentage-based fee.

Our agreed advice and service fees may include charges for:

- Initial advice; and
- Ongoing advice.

Please note that for services in relation to insurance, banking deposit products, some loan products and older investment products, commissions may be paid by the product provider as follows:

- Initial commission - a percentage of the value of your investment contributions; and
- Ongoing commission - a percentage of the value of your investment balance, usually calculated at the end of each month in which you hold the investment.

### Payment methods

We offer you the following payment options for payment of our advice fees:

- BPAY, direct debit (savings), credit card or cheque; and
- Deduction from your investment.

All fees and commissions will be paid directly to Charter as the licensee. They retain an amount (a licensee fee) to cover their licensee costs and the balance is passed on to us. The amount is determined annually, based on a number of factors, including our business revenue and the number of advisers in the practice.

For more information on our services, please see our **Schedule of fees** attached or available on request.

## Fixed service fees

We offer the following services at these fees:

Service	Fee
Initial Advice Fee's	Starting from \$550.

## Other costs

Where other costs are incurred in the process of providing our advice and services to you, you will be liable for these costs. However, we will agree all additional costs with you prior to incurring them.

## Other benefits we may receive

The following is a list of benefits we may receive other than those explained above. These are not additional costs to you. These benefits may be monetary or things like training, events or incentives we are eligible for.

In addition to the payments we may receive for my advice and services, we may receive other support services from the licensee. We may also be eligible to receive financial and training assistance, prizes and awards or events in recognition of financial planning excellence and innovation including if we qualify under the licensee's excellence program, and business performance or business costs. These benefits are paid either at the licensee's discretion or depending on meeting certain qualifying criteria including the quality of my services, business goals and ranking against other practices in Charter. The amounts are set by the licensee from time to time (usually on an annual basis). We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items.

## **Development, management and advice (DMA) recognition**

We may qualify to receive a DMA payment to recognise our growth and professionalism. The DMA is based on a rate, and determined by our ranking relative to other Charter Financial Planning practices. The relevant rate may range from 0% to 3.25%, depending on our ranking and whether or not we qualify for the certified quality advice program (see the “certified quality advice program” section below). The rate is then applied to our practice revenue and paid to us across the year.

For example, if our DMA is set at 1% and our revenue for the period was \$200,000, we would receive a total of \$2,000 for that year, paid over two instalments.

## **How our performance is ranked**

Ranking of practices is determined by a points system which is a broad measure of the growth and professionalism of our practice as compared to other practices in the Charter Financial Planning network. The points system is based on a combination of factors within a balanced scorecard such as the quality of our services, compliance, our business goals and our engagement with our clients through a measure called Advice Growth Index (AGI). AGI measures the value of our fee for service revenue and the change in our clients’ product holdings over the measurement period.

## **Value participation scheme**

AMP will provide us a payment based on the total in force annual premiums on some AMP insurance products and funds under management in some AMP wealth management products. The amount paid is based on the following:

- A tiered rate of up to 3% is applied incrementally to total premiums on some AMP insurance products. For example, if a client takes out a qualifying AMP insurance policy with an annual premium of \$3,000, we may receive an annual payment of up to \$90 in respect of that policy, with the rate applied dependent on the total combined premiums from all qualifying AMP insurance products.
- A tiered rate of up to 0.25% is applied incrementally to the total funds under management in qualifying AMP wealth management products. For example, if an existing client with a qualifying AMP wealth product invests a further \$40,000 into that product, we may receive up to \$100 in respect of that specific investment, with the rate applied dependent on the total qualifying funds under management.

From 1 July 2014, all investments in AMP wealth management products by new clients have been excluded from the scheme.

From 1 January 2018, all premium for new policies from the relevant AMP insurance products have been excluded from the scheme.

## **Buyout option**

If we leave the financial services industry, we are eligible to sell the register rights of our client base to Charter Financial Planning Limited. The valuation of these rights is based on a multiple of the annual financial planning revenue generated by our practice.

## **Personal and professional development**

Charter provides personal and professional development opportunities in the form of education and professional development programs, offered annually to qualifying practices.

### **Summit**

The Summit is a national convention available to advisers from all Charter practices. Charter subsidises the expenses of those who attend the convention up to a maximum value of \$1,200 per annum per practice.

### **Charter Leaders program**

Each year, practices that meet particular criteria may be awarded entry into the Charter Leaders program. The criteria is based on a combination of factors including the quality of services, business goals and rankings against other practices in Charter. The Charter Leaders program provides access to personal and professional development courses

organised by Charter. Charter may subsidise the cost of these courses up to amounts as determined by Charter from time to time.

### **Business support**

We might receive financial assistance including subsidies or reimbursements for accounting, legal and bank fees; marketing or other once-off transitional support costs, to help us grow our business or implement appropriate succession planning options.

Charter will also provide a grant to us if we meet specific qualification criteria by reimbursing the practice up to \$3,750 per authorised representative to meet the training and education requirements for financial advisers as required by Financial Adviser Standards and Ethics Authority.

### **Placement fees**

From time to time Charter will receive fees from brokers or product issuers (including AMP group companies) for arranging client participation in Initial Public Offerings (IPOs) of financial products. The fee, which is generally a percentage of the fee paid to the broker, varies from offer to offer and by the level of participation by Charter. We may share in this fee based on the level of participation by our clients.

# Relationships and associations

It is important that you are aware of the relationships that Charter has with providers of financial services and products as they could be seen to influence the advice you receive.
