Movie Night: American Fiction March 16th at 7 pm

Monk (Oscar-nominated Jeffrey Wright) is a frustrated novelist who's fed up with the establishment that profits from Black entertainment that relies on tired and offensive tropes. To prove his point, he uses a pen name to write an outlandish Black book of his own, a book that propels him to the heart of hypocrisy and the madness he claims to disdain. Nominated for five Academy Awards including Best Picture. Hot buttered popcorn served, BYOD+.

Due to popular demand, the MWPCA is hosting a repeat of the course that promises to demystify the world of Generative AI. This course provides an accessible introduction to the world of Generative AI. The spotlight is on ChatGPT, which astoundingly reached 100M users just one month after its release in November 2022. Generative AI is reshaping our personal, professional and social lives. This course offers an engaging opportunity to understand its impact.

Jean-Claude Monney, who recently joined the MWPCA as Vice President, will lead this session. Jean-Claude's career spans not just witnessing but actively shaping technological revolutions. As the innovator of 'Promptification,' Jean-Claude has elevated the crafting of effective user prompts from a mere skill to an essential art form in the AI era.

Participants should bring a phone, tablet, or laptop to gain hands-on experience.

By the end of this course, attendees will have a foundational understanding of 'Promptification' - the skill of effectively interacting with Generative AI systems.

Mt Tam Artists Reception Friday April 5 | 5-7 pm

As part of the rotating art shows from the Artists of Mt Tam at the MWPCA Clubhouse, two fine artists' work will be on display until April 7th. With Spring upon us, Barbara Quinn and Elly Graham are exhibiting rarely seen visions of flowers. This work is different from their art seen recently at Artists of Mt Tam shows.

Elly's drawings and pastels, created a couple of decades ago, play with shapes typical of flowers.

Recent photographs and one acrylic painting add realistic images with similar qualities.

Barbara Quinn's pictures were done in 1977 in New York City. The medium is liquid photo emulsion painted onto paper. She has used this method on canvas, muslin, paper and even on boiled dry eggs.

First Annual Super Bowl Party

On Sunday February 11th, the MWPCA hosted our very first Super Bowl Party at the Clubhouse. Board members Ben Livesey and John Lovell set up our big screen and HD projection and sound system to give folks a crystal clear show.

More than 60 neighbors and friends enjoyed bountiful pot luck fare including plenty to drink at our bar, roasted meats, guacamole & chips, savory casseroles, cookies, '49'ers cupcakes and a birthday cake for Board member Sarah Burke Richmond.

New Neighbor Welcoming Committee

Volunteers needed for New Neighbor Welcome Committee and Buddy System. The MWPCA is reviving this program and we need a few friendly folks to welcome and buddy up with newcomers to Muir Woods Park community.

If you want to participate in this committee, or if you are or know about a new neighbor in the last 2-3 years, please email us at mwpca@mounttam.org. Put **New Neighbor** in the subject line and send your contact info and any new neighbor information.

We will be implementing the New Neighbor Welcome committee in early 2024.
