Defensible Space Evaluations begin June 21st in the Area of Muir Woods Park!

Marin County Fire Department, in partnership with neighboring fire agencies and the Marin Wildfire Prevention Authority (MWPA), will conduct defensible space and home hardening evaluations on residential properties in the area of Muir Woods Park starting June 21st. (see map below)

A comprehensive report for each property will be available online following the evaluation. The report will provide steps to reduce your property's vulnerability and improve your safety from wildfires. Some actions outlined in this report are required by law.

We encourage residents to accompany the Inspectors for a socially distanced tour of their property to find areas that could be improved for defensible space and home-hardening. If nobody is home, that's okay! Inspectors will evaluate the property from the road/driveway and leave instructions to retrieve the online report.

Please contact dspace@marinwildfire.org or (415) 275-1185 with any questions.

Defensible Space FAQ's:

- These inspections will start on 6/21, with four teams taking between three to four days to cover our neighborhood.
- You are encouraged to walk the property with the inspectors.
- No penalties will be handed out. People will receive safety recommendations, and those facing hardships should share that information with the inspectors.
- What amazing timing before the free Chipper Days begin!
