Does Muir Woods Park Want it's Own Cap on Short Terms Rentals?

Supervisor Dennis Rodoni has asked that we poll Muir Woods Park residents on the topic of caps on allowable Short Term Rentals (STR).

Currently Marin County as a whole licenses 923 legal STR's (think AirBnB), and Rodoni would like to know if he should pursue a cap just for our area. The total would still need to be within in the County cap number. More context on the proposal may be found [here, on the County website](#).

Please use the poll below to respond. The poll is anonymous, and we will only be sharing the yes/no results with the Supervisors office.

Is the Muir Woods Park Community interested in a "cap" defined like the townships in coastal Marin County?

a. This would place a total limit on the number of STRs in Muir Woods Park. It's important to note that the countywide "cap" would apply to Muir Woods Park (meaning that once the total number of STRs are reached in the unincorporated County of Marin there would be a waiting list). "Caps" do not guarantee a set number within a township.
