JULY 2024

THE A TOUCH OF STONE TECHNIQUE

Bonjour Stone Aficionados,

The first half of the year has flown by, and it's been a remarkably productive and fulfilling period. July looks just as bright.

Walking the Peachtree Road Race over the long weekend was so much fun! It was just what I needed during the long weekend off to recuperate. 🌙

France is in the running for winning the Euro Cup 2024 in soccer! ⚽ spent the day in front of my screen watching the opening ceremony of the Olympics in Paris!! I love watching the Eiffel Tower shine. It was a beautiful sight to behold. 🇫🇷

On the work front, we are preparing to fabricate and install the countertops for next month's Cashiers Showhouse! Many more posts and pictures to come about this event which is becoming one of my favourites. The views and the surroundings are so serene that it is worth just coming for a day to relax. So I hope to see you there!

The new showroom is fabulous. I love meeting you guys, showing you what it is all about, and I love your comments and feedback.

Also, for the people who celebrate Christmas in July, just a reminder that there are only 25 weeks until Christmas! Time to get these remodels started and selected to make sure you have the perfect kitchen when your family comes to visit!

Stay cool and safe in this heat!

Marylene
