

GENERATORLincoln Town Board

Work Shop Meeting

Wednesday, June 25, 2025

Lincoln Town Hall 6886 Tuttle Road, Canastota, NY 13032

Meeting started at 6pm

Attendance: Doug Holdridge, Melissa During, Jayne Black and Peggy LeClair.

Others in Attendance: Jon Black, Erin & Aaron Powell and Marva Smith.

Discussion Topics:

Local Law 3 of 1997 – Communicating with NYSDEC and waiting for NYS Ag & Markets. DEC claims waste milk and by products are being used as fertilizer. DEC is unsure why product being spread is white in color. DEC is looking into records from Milk Companies and CAFO records to Mason to see if they match. Town is on hold until more information is provided by DEC, Ag & Market, Madison County Soil and Water Conservation District, Cornell Cooperative Extension and the Town's attorney.

Subdivision Law Updates – All subdivisions **MUST** be approved by Town Planning Board before being submitted to Madison County.

Lot line adjustments – Doug Holdridge suggests reviewing the Town of Lenox line adjustment law for wording. Smaller fee for simple lot line adjustments. Projects first go to Planning Board who determines if they are line adjustments or subdivision.

Zoning Change Permit Application – Peggy LeClair's zoning application was recommended. Include list of necessary requirements.

FOIL Request Form – Sample provided was fine. Add time frame of requested information (info from when to when).
