

I'll Never Get Over

(Verse 1)

I am so happy to tell you today,
About the most wonderful night,
When I walked from the darkness
Of sin and despair
And gave— my heart to Christ

(Chorus)

I'll never get over, the night I got over, my sin and knelt at
the cross, The shackles and chains that had bound me so
long, in an instance came lose and fell off;
*Now it's a new day, walking up the kings highway, thank
God I'm no longer lost, I'll never get over the night I got
over my sin, and knelt at the cross

(Verse 2)

I've left the darkness and entered the light, since I traded
my sin for His grace, When I knelt at the altar and came up
a shoutin, Hallelujah, thank God I'm saved

(Chorus)
