

God Sees Your Storm

(Verse 1)

No one ever said life would be easy,
And tragedy can come at any turn,
But what seems to be a hurricane,
from this side of the clouds,
He knows is just another chance,
for mercy to rain down

(Chorus)

God see your storm, how it's gonna pass
though skies are growing dark, the sun will shine at last
God sees your storm, from the other side
so hold on through the rain, and do not be afraid
God sees your storm

(Verse 2)

There is comfort in His very presence
there is shelter underneath His wings
so when my heart is pounding fast, from trials as they roll
in, I speak the name above all names and run to Him again

(Bridge)

Before the bitter winds begin to blow
Just trust the Father, He already knows

(Repeat Chorus)
