

Take It and Leave It

(Chorus)

Take your burden to the Lord
Take it and leave it, leave it there
Walk on in faith; be free once more
Take it and leave it, leave it there
Just take it and leave it, leave it there

(Verse 1)

When troubles come quickly, Like waves on shore
And you're buried under a load of fear, You have a Father
who loves to hear your prayers, No reason to wait
Don't hesitate, Since he holds the ocean inside his hand
He is always able to help you when you ask

(Chorus)

(Verse 2)

No matter the reason, No matter when
If you need forgiveness, confess your sin
Give him your questions; his wisdom never ends
Don't try it alone, It's time to show
What you held so tightly was always his
When your hands are empty his miracles begin

(Repeat Chorus)
