

The Sound Of His Voice

(Verse 1)

He spoke the world into existence , His Voice turned
darkness to light, His words prevailed and they never
failed, To show us his power and might, The seas roll apart
at his bidding, And mountains move as he demands, He
can whisper or shout but without a doubt, The whole
world is at his Command

(Chorus)

At the sound of His voice, Angels assembly
The sound of his voice, Makes demons tremble

He speaks when the dark storms are raging , The winds
and the waves must obey, on a bright cloud of glory, He'll
step out someday, at the sound of his voice we'll be called
away

(Verse 2)

He tenderly spoke to Elijah, With a still small voice in the
cave, At Lazarus' tomb, he shattered the gloom, When He
called him out of the grave, I was desperately seeking a
refuge, When I heard him calling my name, Since I made
the choice, to follow that voice, My life has not been the
same.

(Chorus)
