## Step 7 Select any of the three modules offered.

“BSA STEM Nova” is an overview for any leader or parent.

### BSA STEM Nova

Course 

Total time: 16m

Progress • 100%

The BSA STEM Nova awards program enables youth to explore STEM fields as they discover the science, math, technology, and engineering all around them as they earn awards.

“Nova Counselor” is recommended for anyone teaching STEM.

### Nova Counselor

Course 

Total time: 13m

Progress • 100%

Nova Counselors are an important part of the STEM Nova program. They learn skills to help guide Scouts in earning the Nova awards, reviewing the requirements, as well as understanding the duties and responsibilities.

“Supernova Mentor” is a very brief lesson about mentoring. For the most success and least frustration, **the Capitol Area Council highly recommends its in-person Supernova Mentor training classes offered several times per year.**

### Supernova Mentor

Course 

Total time: 12m

Progress • 100%

Supernova Mentors assist Scouts in completing the requirements to earning the Supernova Award. They have an understanding of the different roles, duties, and requirements of being a mentor to youth working towards this award.
