Take a moment to get to know Reid and his soul touching lyrics and guitar driven musical style, by visiting the link above.

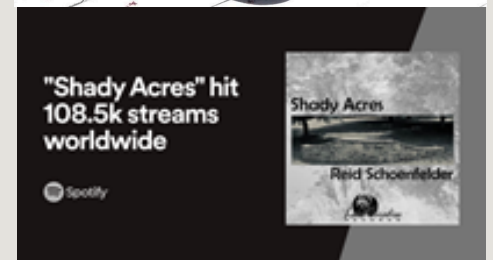

Although many of Schoenfelder's lyrics are distinctly autobiographical, the compositional aspect of his music is as familiar as an old friend and rings true with his alt-rock roots. "I really like writing songs that people feel instantly familiar with," states Schoenfelder, "I really aim to make songs that people can't get out of their head." Lush vocal harmonies meet relentless guitar hooks and candid words that forge an amalgamation of power pop that could easily draw comparisons to Ryan Adams, Pete Dinklage, or Matthew Sweet.

Reid was signed in March 2024 to Blues Highway Records, with the release of Shady Acres. He has now seen his music find an audience all over the world, and across the USA. With over 13,000 Spotify Peak monthly Listeners since signing with Blues Highway, and The Orchard /Sony distribution. His future is looking bright.

Consider using Reid at your next event, or use his music as a part of your next Television / Movie / Commercial Project.

About Reid

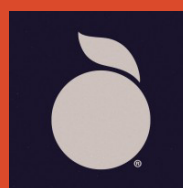

Reid Schoenfelder's music career launched in 1989 as the lead singer and guitarist for the Baltimore-based band The Wanting Seed after a six-year stint in the Naval Reserves.

Reid is an amazing guitarist, and plays a Gibson Hummingbird Acoustic, a Les Paul Epiphone Standard Electric, and a DiPinto Mach 4 Electric. His heart is set on a Hagstrom Electric, in the very near future.

But it is his lyrics, that bring music to life, and create an instantly familiar beat, that you can't get out of your head.

Turner Broadcasting bought Schoenfelder's song "What She Wants" for use in the television show "Firstwave" for the episode "All About Eddie".

Please contact Reid directly at the number above for bookings, or his Publisher below for licensing opportunities or Media Interviews.
