From BlakeStrong Bowell Fund President

As the calendar turns to a new year we look for it to offer many more opportunities than fears for those who continue to look at this life as a journey of hope and faith.

There is no question that the last two years has been dominated by public health and it could have been easy for the BlakeStrong Bowell Fund to drift, but I am so proud of our board, volunteers and donors for staying engaged to the important work we do.

We have remained committed to our core focus of supporting those impacted by cancer, cancer research, community engagement, and scholarships. For that I want to thank all for making 2021 a year of continued significance as we generated over \$25,000 in support.

~ Mark
