

Where are you? Building strong relationships with parents

Communication

I adapt my style when communicating with different parents.

I make sure to listen to parent's concerns and not just tell them what I need to.

I make sure parents feel recognised for their support.

Culture

I am conscious of how my own behaviour reflects school culture.

I know how to build trust with parents and take conscious steps to do so.

I involve students in helping to engage their parents.

Knowledge

I understand and explain to parents how they can support their child's learning.

I ensure that all parents know how to use the tools we communicate with.

I provide follow up contact details to all communications with parents.

Environment

I ensure that parents feel welcome when attending school in person or virtually.

I talk with parents about creating a positive learning environment at home.

I think through how and where I share information to ensure all parents can access it easily.
