

Current COVID-19 Measures in place at

6S Safety Services

1. Masks are mandatory in all classes, and they are to be worn during the entire program.
2. We **do not** require proof of vaccination or negative covid test currently if mask are worn, and social distance maintained.
3. All students are to maintain distance from other students
4. Touch points are cleaned regularly.
5. All equipment the student is required to use/wear will be disinfected prior to use and after use.
6. There are no group skills. All skills are done on themselves or a manikins provided
7. Hand Sanitizer is provided at each student station
8. Proper hand hygiene is required after use of washrooms
9. Anyone not feeling well is asked to not attend training.

**Participation in these measures are required to attend training at
6S Safety Services as per AHS requirements for indoor facilities
announced on September 24, 2021**

**We reserve the right to ask any person to leave if they do not
follow these requirements or those that harass our
staff/instructors.**

**We thank you for your participation as it allows our agency to
remain open for services to our community.**
