DAY PROGRAM

I bet you all have been hearing some talk about going back to work, school, and or program. It's normal to have mix feelings. Transition involves moving from one place, stage or relationship to another. Transitions happen throughout every person's lifetime. Change can be stressful, but with preparation, support, information, and planning, transition to adult programs and services can be made easier for everyone. Join us in supporting each other. We're all in this together! May 26, 2021, at 5:00 pm 1420 N Claremont 205C Ca 91763

SUPPORTED EMPLOYMENT

Our Supported Employment program offers vocational training and other job-related resources to help adults with intellectual and developmental disabilities achieve goals and thrive in the working world. We carefully match individuals with employers based on interests and skills and provide full training and job assistance to ensure continued success. Individuals meet with a job developer, who assesses their unique skills and interests to develop a personalized employment plan.

TRANSPORTATION

Our safety measures are the strictest guidelines followed by the CDC and health department to ensure the health and well-being of everyone on board.

SUPPLIES AND SNACKS

As a safety measurement, we ask that you only bring with you the bare necessities needed for a productive day. Our day program staff are trained to disinfect all equipment before and after use. Healthy Snacks will be provided in a single-use and prepackaged to prevent cross contamination.

PRECAUTION MEASUREMENTS

Daily intakes are required before transportation is routed to your location. You will find the questionnaire available on our website. Please make arrangements with the program director for assistance.

CHOICE AND SELF-DIRECTED

An individual makes his or her own everyday choices. They plan their futures and the services they receive along with their staff. Individuals are supported to communicate the preferences, choices, and needs. Learn more by emailing cs.nava@ewffoundation.org
