THE ARTISTS OF THE UNITED STATES – THE HARD WORKING LABORS

BY ROHIT DIXIT

The origin of the word labor comes from Latin word 'Labor' and French word 'Labouer/labour', which means physical and mental performance/work of the body.

Not until late 1800s there was no day set to honour labor. As the trade union and labor movement grew the unionists proposed to government to set a date to celebrate labor. It was then officially agreed to celebrate the day on the first Monday of September. Mathew Maguire a secretary of Central Labor Union first proposed National Labor Day as a holiday. Then in early 1882 Peter J. McGuire, a president of American Federation of Labor proposed to make it as a general holiday with enjoyable events.

As the popularity of the event spread across US, it was in 1887 Oregon was the first state to officially set the Labor Day as public holiday. Later 30 other states declared the same. Initially when the bill was signed it applied to only federal workers. But soon the unions encouraged the workers to go on strike to make the holiday official for state workers too. Eventually District of Columbia. And United States Territories agreed to declare the Labor Day as national holiday. But there was still unfinished work that led to Hay Market Fair on May 4th 1886, a bloody demonstration in Chicago to reduce the working hours to 8 hours per day.

LABOR DAY

CONTINUED;

Finally it was agreed and the celebration started following years.

The holiday was fun filled events picnic, sports and fund raising events. Ever since celebrating labor day became a tradition in United States. Even now most of the schools open after Labor Day holiday and sports like football traditionally play their kickoff game, also fashion shows and carnivals still are organized.

Labor Day is also celebrated as MAY DAY a public holiday in Europe and other parts of the world on May 1st or the first Monday of May. It is an ancient festival with singing dancing and baking cake marking the first day of summer.

In 1889 May Day was chosen as the date for International Workers' Day to commemorate The Hay Market Affair in Chicago

Again It's all the hard work of our laborers that we get to celebrate this holiday. They are the builders of the United States that stands as one most powerful country in the world.

I am so. By Rohit Dixit

Emotional Support

service animals;

Individuals with disabilities may use service animals and emotional support animals for a variety of reasons. This guide provides an overview of how major Federal civil rights laws govern the rights of a person requiring a service animal. These laws, as well as instructions on how to file a complaint, are listed in the last section of this publication. Many states also have laws that provide a different definition of service animal. You should check your state's law and follow the law that offers the most protection for service animals. The document discusses service animals in a number of different settings as the rules and allowances related to access with service animals will vary according to the law applied and the setting.

HAPPY
BIRTHDAY

and many morrrrrre!!!

Events
