

About Us

Moresky is a leading manufacturer of premium door and cabinet hardware, renowned for our blend of style, durability, and innovation. With over two decades of industry expertise, we've perfected the art of crafting hardware that elevates any space. Our products have been trusted by millions of customers globally. Our extensive product range includes a diverse selection of:

- Locks: From the classic elegance of knob and lever locks to the advanced security of electronic and smart locks, we offer a comprehensive range to suit every need. Additionally, we offer deadbolts, rim locks, roller locks, and more. All our locks are designed to provide exceptional protection for your home and business.
- Cylinders: Precision-engineered for optimal performance, our cylinders are available in various configurations, including master key systems, oval, cross key, and mortise lock cylinders. Our cylinders are built to withstand thousands of cycles without compromising performance.
- Handles: Enhance the look and feel of your doors, cabinets, furniture, and windows with our stylish and functional handles. Crafted from high-quality materials, our handles are designed for durability and resistance to everyday wear and tear.
- Hinges: Whether you prefer the discreet elegance of concealed hinges or the classic look of fixed/loose pin iron hinges, we have the perfect solution. Our hinges are engineered for smooth operation and long-lasting

Our commitment to excellence is reflected in our state-of-the-art manufacturing facility, equipped with advanced CNC injection molding, die-casting, and stamping machines. This cutting-edge technology empowers us to deliver custom hardware solutions tailored to your exact specifications.

Backed by ISO, CE, and BV certifications, we adhere to the highest quality standards. Our strategic location near Shanghai port ensures efficient global distribution, making our products accessible to clients in Europe, America, the Middle East, and Africa.

Discover the Moresky difference. Contact us today to explore our collection and discuss your project.
