The more you know, the more you grow, and the more fun you can have in this wonderful hobby. So for those stitchers living in, near, driving by, or planning a trip to San Francisco, go to their space at 360 Post Street. It's located in Union Square, the fashionable part of San Francisco and near hotels, transportation, and restaurants. In addition to one-, two-, and three-day classes plus second-Saturday drop-in workshops, they also host retreats. Can you imagine the fun time you'd have on a needlework vacation?
