**PASS IT ON DOWN**  
*Released on September 15, 2023*

## BIO

Chris Beard is a modern blues guitarist and singer like no other. His personal connections to the blues were forged with the living blues men he sat with since childhood.

Born in 1957, Beard is the son of blues guitarist, Joe Beard, who grew up on Beale Street in the 1950s. When family friends like Matt "Guitar" Murphy and Buddy Guy stopped by to visit, young Beard became their willing pupil. Chris says, "when your father grew up on Beale Street and music was in your DNA, then blues is who you are and what you do."
