

YESHIVA ATERES EITZ CHAIM

THE ESSENCE OF CHINUCH

WHO WE ARE:

Yeshiva Ateres Eitz Chaim is a Yeshiva that recognizes the individuality in each Talmid. Together, with over half a century of chinuch experience, Rabbis Oppen recognized a void in the education system. Students who are labeled average tend to fall through the cracks. **The administration and faculty at Yeshiva Ateres Eitz Chaim focus on the growth of every Talmid according to his way.**

WHAT WE DO:

With a packed morning of davening and learning, each Talmid is imbued with a love of Yiddishkeit and Kirvas Elokim. In the afternoon, students attend internships, where they receive day-to-day experience in how businesses are operated and managed. Following mincha/maariv, students engage in General Studies, with the goal of earning a G.E.D., diploma, or B.A. In addition to impactful shuirim and classes, YAEC offers Life Skills Courses on topics that are not taught in the traditional curriculum. With skills in leadership, critical thinking, and much more, **we prepare your son for success in all areas of life.**

Every student graduates with a resume that is full of pride and accomplishment. The resume includes: work experience, professional references, life skills, community service, and work ethics.

WHY YAEC:

At Yeshiva Ateres Eitz Chaim, your son is not just another number, he is always number one. Our mission is to imbue each Talmid with a love of Yiddishkeit, work ethic, and most importantly, to shine as the metzuyan he is.

OUR PROGRAM

Our Goal:

The mission of Yeshiva Ateres Eitz Chaim is to guide and infuse High School Bochrim with a love for Torah and Yiddishkeit, while providing them with the knowledge, experience, and opportunity they will need to master a trade. Chazal teach that one cannot compare hearing something to actually seeing it. Talmidim at Ateres Eitz Chaim don't only learn from a sefer, they also learn hands-on by going on incredible trips and bringing lessons to life at Yeshiva.

Lemudei Kodesh:

Every Talmid has a unique learning style. The goal at Ateres Eitz Chaim is to tap into the neshama of each Talmid by teaching "according to his way." Whether it's visual, auditory or kinesthetic, our Rabbeim understand the students needs and work with each as an individual to help them become the best that they can be.

Life Skills Courses:

Yeshiva Ateres Eitz Chaim recruits professionals from various industries to speak to our Talmidim about their business, challenges, and to teach different skills necessary to succeed in the workforce. Talmidim visit different companies to learn skills in the workplace environment.

Internships:

Ateres Eitz Chaim offers Talmidim an opportunity to intern in a professional environment. This allows students the opportunity to learn a profession from behind the scenes with a hands-on experience. This also opens the door for Talmidim to network and connect to people who are experts in their field.

General Studies:

We offer 3 options in our General Studies department:

1) GED Prep: This course helps prepare students for the N.Y. State G.E.D. exam. An instructor learns in person with students and guides them to be successful for the G.E.D. 2) Penn Foster: Penn Foster is an online High School program that gives students an opportunity to receive a High School diploma. 3) Community Testing Center: C.T.C. is an online college program that allows High School students to receive a bachelors degree while in High School. There is no need for a High School diploma or G.E.D. for this program.

Our Talmidim have been accepted to various colleges such as Hofstra University, Queens College, and Queensborough Community College.
