Please list work completed by J&E Remodel and Repair and describe your overall experience:

Installation of shower, adding pony wall, installing 2 can lights, tiling flooring.

Overall experience was really good. Never late arriving, care to not mess carpets by laying down paper, very hard working, and the work done was better than I could have imagined.

I was so impressed by the professionalism and beautiful result.

I have & will highly recommend Jason to anyone needing remodeling.

I hereby affirm the above is a true and correct account of my experience having J&E Remodel and Repair complete the described work in my home. This letter serves as my formal referral and recommendation of J&E Remodel and Repair and Jason Yoder.
