

Special Guest Theresa Dirksen from Grand Lake Restoration Commission Visits

If you missed Sunday's meeting, you missed a special treat. At our July 12 club meeting, we welcomed **Theresa Dirksen, Mercer County's Director of Agriculture and Natural Resources and leader of the Grand Lake Restoration Commission.**

Throughout her work, Theresa has led campaigns supporting the creation, development, and funding of treatment trains and stream restoration projects. She also continues to promote responsible watershed management, erosion control, soil testing, habitat improvement, and public education.

She shared the mission of the Lake Restoration Commission, which focuses on regional cooperation, thoughtful planning, and securing the resources needed to restore and sustain the lake. The LRC has made significant efforts and strides toward improving the water quality of Grand Lake St. Marys.

Her presentation reminded us that protecting Grand Lake requires long-term commitment, cooperation, and support from the entire community.

We sincerely thank Theresa for taking the time to speak with our members and for her continued dedication to the future of Grand Lake St. Marys.

DON'T FORGET!
