

## WILDFLOWER WISDOMS™

More than a magazine; more than a website~ it's a wildflower garden in full-bloom!

### BIG NEWS, WILDFLOWER FRIENDS!

This week, all subscribers and those who pre-order the Fall issue will receive a very **\*special bonus\***:

#### **The Wild's Digest, Issue I: The Painted Garden.**

It's packed with humor, heartfelt stories, games, a recipe, poetry, and art. This fun, engaging booklet will keep you connected while we finalize the Fall issue.

### NEW STOREFRONT COMING SOON!

We're also thrilled to announce a major change coming by the **end of October**: our storefront will be moving from Ecwid to our main website! This shift **will simplify everything**—no more extra steps. You'll be able to access the magazine's flipbook and PDF immediately via a secure, password-protected log-in on the website. Even more exciting, we're introducing a magazine version that can be read by an app simulating an audiobook experience!

### NEWS SPLASH

🌸 Be sure to read this week's **Mystic Mo's Flower Wisdom.**

📅 And mark your calendars:

**The Chronic Times** 📰

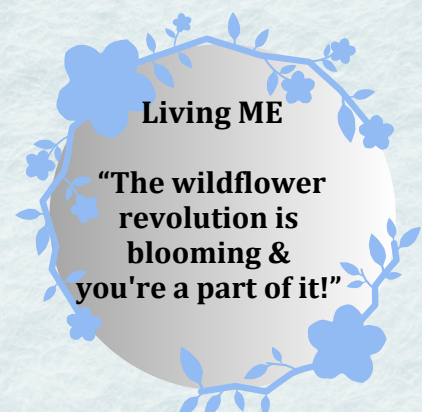

will now be released **every Monday.**

We've been giving The New York Times a run for their money, so we figured it's only fair to give them a shot at reporting the "other" world news.

### To Our Star Seed Subscribers Only!

We're extending the pre-order price of **\$8** for a full year's subscription for one more week!
