**STOP
EXTREMISM**

EXTREMISM

In March the UK government updated the definition of Extremism as follows:

Extremism is now defined as “the promotion or advancement of an ideology based on violence, hatred or intolerance” that aims to “negate or destroy the fundamental rights and freedoms of others” or “undermine, overturn or replace the UK’s system of liberal parliamentary democracy and democratic rights”. The definition also makes reference to those who “intentionally create a permissive environment for others to achieve” these aims.

Training Works NW have updated our Safeguarding and Prevent Policies to reflect the new definition. If your workplace has a Prevent Duty section in its Safeguarding policy then you might want to check if its been recently updated !!
