24. No Assignment

(a) The Conditions of Use, licenses, and Registrations may not be transferred or assigned by you but may be assigned by us without restriction.

25. Applicable Law and Enforcement of Conditions of Use

(a) The laws of the state of California, without giving effect to its principles of conflicts of law, govern all adversarial proceedings arising out of these Conditions of Use. If a website visitor or Member takes legal action against us relating to the Site's privacy policies, the federal and state privacy policies of Smart Health OC., or these Conditions of Use or relating to the visitor's or Member's interactions with or relationship to Smart Health OC Health relating to the Site, that visitor or Member agrees to file such action only in the state and federal courts located in California.

(b) By using the Sites, you agree that: (i) if any provision of these Conditions of Use is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (ii) that if an unenforceable provision is modified or disregarded in accordance with this paragraph, then the rest of these Conditions of Use will remain in effect as written; and (iii) that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

(c) No waiver of any of these Conditions of Use shall be effective unless it is in writing and signed by the authorized representatives of Smart Health OC. No such waiver shall be deemed a further or continuing waiver of such term or any other term or condition of use.

(d) These Conditions of Use constitute the entire agreement between you and Smart Health OC as it relates to your use of the Site. It does not create any relationship between you and Smart Health OC that is not contemplated in these policies.

26. Arbitration

(a) Arbitration offers a faster, less expensive, and more efficient method of resolving disputes than resorting to the court system. Smart Health OC has therefore adopted, and Member agrees to adopt, arbitration as its preferred means of resolving disputes arising out of or relating to these Conditions of Use or the subject matter of these Conditions of Use, or any breach of these

conditions of use, including any dispute regarding the scope of this clause. Such disputes will be resolved through arbitration administered by the American Health Lawyers Association (“AHLA”) Dispute Resolution Service and conducted under the AHLA Rules of Procedure for Arbitration. Judgment on the award may be entered and enforced in any court having jurisdiction. The arbitrator selected shall have the authority to grant the Member of Smart Health OC or both all remedies otherwise available by law. The parties understand they are waiving their right to a jury trial in favor of arbitration.

(b) This provision does not include any claims that Member cannot be required to arbitrate as a matter of law or any matters required to be brought before an administrative forum. These Conditions of Use do not preclude the Member from filing a claim or charge with a governmental administrative agency.

(c) This agreement to arbitrate disputes does not prohibit the Member or Smart Health OC’s right to seek equitable relief from a court, including but not limited to injunctive relief, pending the resolution of a dispute by arbitration.

27. No Third Party Beneficiaries

(a) Except as otherwise expressly provided in the Conditions of Use, no person that is not a party to the Conditions of Use will be a third-party beneficiary of any rights or obligations or be entitled to enforce any rights or obligations.
