

WaterWerks by CLM

March 2025 Backflow Replacement Sale

Is your backflow over 15 years old you may want to look into replacing that device. At WaterWerks by CLM we are offering for the month of March a once a year sale. The devices that were installed with the homes need replaced. Failing backflows have increased over 40% last year. I feel this year it will be higher failure rate.

There is a permit fee from Town of Marana. This is charged to your water account.
